Council OK's McKeon Map; No Access Road Is Needed

Builder George McKeon at long last got approval from the City Council Monday night on the final map of St. Francis Heights, Unit No. 5.

The Council approved the map, 3-0. Mayor Robert B. St. Clair and City Councilman Frank Pacelli were absent.

It was a good night for McKeon in several ways. At the recommendation of City Engineer William Chapman, the Council gave back to McKeon one of the 36 lots it had requested to be left out of plans for development, to await a study from Civil Engineer T. V. Tronoff to determine if there should not be an access road from the unit to nearby San Fernando way. In that case, one lot would be used for the road.

McKeon, on several occasions, made it known he did

not think it possible to construct an access road, for engineering reasons, eastward through the adjoining Botti property, circulating to the north and connecting into San Fernando way, as Chapman and the Council had in mind.

After some wrangling between McKeon and Chapman, the stipulation that went along with earlier map approvals was that one of the lots was not to be developed as a home site, but for a possible access road. A study by Tronoff on the development of the general area was requested by the Council.

The Council held up saying exactly what should be done with this lot pending results of Tronoff's study.

Tronoff finished his report Monday afternoon, and disclosed his findings to Chapman. In essence, he told Chapman

that such an access road was not justifiable because of the expenditure involved in the construction of the road, and that the unit need not connect with San Fernando way at all.

So, along with approval of the final map, the Council "returned" the lot to McKeon to develop as he wishes.

The Council also accepted certain public utility improvements of McKeon's St. Francis Heights Units No. 2 and 4, with the exception of that area south of the center line of Clarinda avenue for its entire length, and all of Webster drive.

The Council accepted a grant deed from Glen and Beatrice Nolan for a five-foot strip in front of a proposed apartment house on the northeast corner of 88th street and Edgeworth avenue, to add to their street width, which in turn would allow room for diagonal parking.

A variance permit was granted to George Mehalis, 1078 Hanover street, to increase maximum lot coverage from 50 per cent to 58 per cent. Lot is located at 1038 Hanover street.

Pacifica Planners Continue Lateral Freeway Study

The Pacifica Planning Commission Monday night continued to September 11 hearings on the proposed routes of the contemplated cross county freeway and extended its master plan area to the peak of Montara mountain. It also held its annual hearing on the master plan as provided for under state law.

Of the 36 items on the agenda only the cross county freeway plans and extension of the master plan coverage were of a long range planning nature.

The proposed cross county freeway from the Bayshore Highway to State Highway No. 1, (the coast route) will necessitate a 20 acre interchange where it converges with the coast route.

The State Highway department has advised the city that it will be approximately a year before the highway engineers will have proposed routes ready for study and decision.

The planners have studied five possible routes which have been tentatively suggested and indicated Monday night that they now feel that the most northerly route between Fairway Park and Vallejo is the best. The present plan would bring it out on the Coast Highway at Rockaway Beach.

Under the state planning set up the Pacifica Planning Commission has the right to suggest and approve the freeway route insofar as this portion of the route lays within the city, according to Mel Davis of the planning commission. The staff of the commission will further study the matter, it was decided, especially as to the interchange problem and its conversion of 20 acres of possible residential or business development area to state freeway purposes.

The extension of the city planners' territory to the peak of Montara mountain now means that all areas within the San Pedro drainage basin, most of this area outside of the city but gradually annexing, will come under the Pacifica Planning Commission. The State Highway Commission has already adopted the Montara Mountain route for the extension of the Coast Freeway route to Half Moon Bay.

Steak Pit Has Small Roof Fire

A small fire broke out Monday afternoon at 4:20 o'clock on the roof of the Steak Pit, Junipero Serra blvd. and Pierce street. A unit from the Colma Fire Department responded and extinguished the blaze.

The fire was caused from grease spilling onto the kitchen grill, resulting in flames shooting up the flue.

COUNCILMAN EDWARD DENNIS, (on stage in derby hat), introduces Lynette Fishel, Miss Daly City, and

Councilman Frank Pacelli, executive chairman of the Golden Anniversary Committee, at the Daly City program

at the San Mateo County demonstration by Frank James and a fast Charleston by Susan Alexander, daughter of Daly City Fire Captain and Mrs. Alexander.

SSF Taxpayers Group Selects List Of Officers

The South San Francisco Taxpayers Assn. met last week and elected officers for the 1961-62 year.

Elected were Harold J. Francis, president; Leo Cortesi, vice president; A. R. Barri, treasurer; Amos Larson, recording secretary; and William Keller, corresponding secretary.

Board of directors are Mario Gagliolo, Ernest D. Oresti, James S. Claar, Edmond C. Zaro, Victor Boido, Robert Ferrario, John B. Bradley, Vincent G. Porrazzo, and Rolando Mori.

Delegates to represent the organization at school board meetings is J. B. Halfey. Delegate to the Housing and Redevelopment Committee is Ernest D. Oresti.

The next meeting of the group will be held on Wednesday, September 13 at 8 p.m. in the community room of the Bayview Savings and Loan Building in South San Francisco.

The association was formed (Continued on Page 2)

Beard Growing Is Suffering; Wives' Ired

A quiet but persistent campaign by Daly City housewives has severely trimmed a beard growing contest started in June to call attention to the city's Golden Anniversary Celebration, October 7-14.

To get the contest underway, Councilman Frank Pacelli, executive chairman of the Celebration, decided to set an example and began growing a full beard. He urged others to do likewise.

The response was enthusiastic and for awhile it appeared there would be no shortage of contestants. But the wives began to protest and the beards began to disappear.

Pacelli boasted of his progress and pleaded for better participation.

The he fell silent. Today, a smooth-shaven Pacelli declared, "It was either shave or give up my happy home."

"But maybe we can salvage something," he added glumly. "We'll set up a category for moustaches and start that contest September 1."

GARAGE FIRE BURNS TWO; COP OVERCOME

A well-meaning Daly City father last week told his 16-year-old mechanic son to pull out an extension cord from a wall outlet, near a bucket of gasoline located in a garage where he and another youth were working, resulting in a fire with near disastrous results.

Severely burned were Ernest Pazola, 16, and a friend, Arthur Dean, 20, of San Francisco, who were putting a motor in Dean's car at the time in a garage at 144 Miriam street.

The youths were sent to Junipero Serra Hospital where (Continued on Page 2)

Open Letter, Protest Petition Filed With Elementary Officials

Petitioners Charge Some Pupils
Forced To Change Schools 6 Times

More than 330 parents of elementary school children residing west of Skyline Freeway took up arms early this week in a battle against another proposed move of their children from one school in the district to another.

In an open letter sent to each trustee of the Jefferson Elementary School District Monday the militant mothers and fathers vigorously protested any possible transfer of their children from Abraham Lincoln school to the new Christopher Columbus school now nearing completion at St. Francis Boulevard and Higate Drive at the southern extremity of Daly City.

The fight against the possible move, which was scheduled to be discussed at an invitational meeting of parents at the new school Tuesday night, took two definite forms Monday. One was the open letter of protest to the school trustees and the other was a petition signed by more than 330 parents which was nearing completion Tuesday morning and was to be filed with the board of trustees late Tuesday afternoon.

District Superintendent of Schools Richard L. Foster, who had just returned from a brief vacation, told this newspaper that he had neither seen the open letter nor the petition as of Monday afternoon.

"However this matter of a proposed transfer of pupils and staff is still in the discussion stage," said Foster. "At the meeting to which the parents have been invited at the new Christopher Columbus school tomorrow night (Tuesday) I expect to hear from them. Whatever recommendation I shall make to the board of trustees will be made Monday, August 21, at the regular meeting."

The new Christopher Columbus school is now completed except for some exterior paving and will be ready for the opening of the fall school term beginning September 11. Foster declared, He made no detailed reference whatever to any recommendation he had considered except that he wanted to hear what the parents have to say after they (Continued on Page 2)

Adult Organizers Of New Youth Club Seek Direct Contact With Parents

In an effort to reach the parents of all teen-age and near teen-age children in Daly City and the unincorporated Broadmoor areas, the sponsors of the new Youth Service Club sent out an appeal this week through this newspaper.

The purpose of the new club for the youth of Daly City and environs, Westlake and Broadmoor areas and all other developments in Daly City to the southern borders, is to provide new and additional recreational facilities and activities for the young citizens.

In a statement issued over the name of Anthony Bucelli,

one of the original organizers of the new youth club, it was set forth that at a recent meeting held at Westlake Park very few of the parents participated. This was attributed to some misunderstanding as to the (Continued on Page 2)

The City Council Monday night in a resolution formally welcomed the Daughters of Charity of St. Vincent de Paul, and wished them success with the proposed Mary's Help Hospital.

The resolution said in part that the Council "pledges cooperation with the Daughters of Charity in their plans."

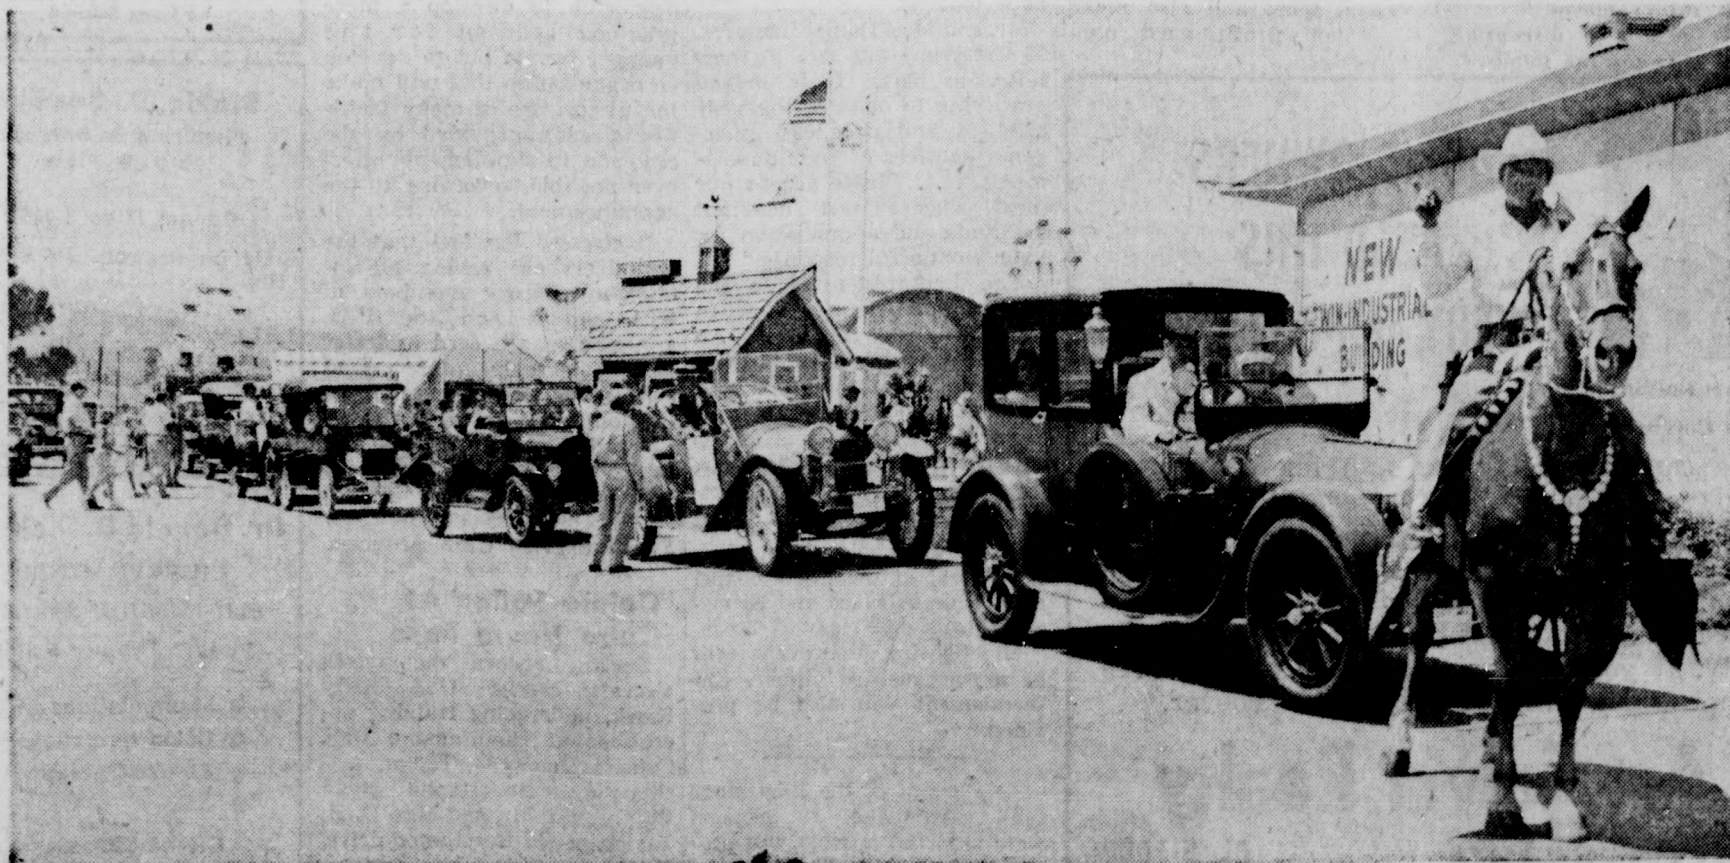

The Council recently had a special study made by Engineer T. V. Tronoff as to how the area around and adjacent to the proposed hospital should best be developed.

The new hospital will be located south of Daly City, just off of San Fernando road, in Northern San Mateo County. It is a square shaped parcel consisting of 11 acres.

The hospital will house some 250 beds, and will serve Pacifica, South San Francisco, as well as Daly City. At present, Daly City is served by only one other hospital.

In other actions the Council: Heard a progress report from Leonore Brewer, president of the Friends of the Library, stating that the gifts for the 1960-61 year included three signs pointing the way to the city's two libraries, and making plans for a collection of children's needs.

Was read a letter from J. A. Arch, director of finance, thanking the Council for its help, and also the creation of (Continued on Page 2)

City Council

(Continued from Page 1)
the position of assistant director of finance.

Set September 11 at 8 p.m. as date and time for a public hearing on a request by Stanley M. Toy, of San Francisco, on property lying between Templeton Avenue and Scenic Way, from R-1 to R-3.

Approved a use permit for Marin Neon Co. for a sign at 1905 Junipero Serra boulevard. Denied a use permit for Vincent Tammara, of South San Francisco, for a ready-mix concrete plant on Market street.

Teen-aged girls need every day: 4 glasses of milk; 1 serving of meat, poultry or fish; 1 egg; 4 servings of cereals or bread; 1 serving of vegetables; 1 serving of citrus fruit or other high vitamin C food.

Open Letter

(Continued from Page 1)
see the new school during the invitation meeting.

One of the major protests which a number of the mothers working on the petition made was that:

"We were assured last fall, when we were asked to work for passage of the school bonds that would enable the school district to provide more facilities, that our children would not have to suffer from any more part time school days," said Mrs. Loy Jones of the petition protest committee.

Six Changes in Six Grades
"My child, and in some instances other children, have been forced to change schools six times before entering the sixth grade and now this will be the seventh change in their schools," said some of the mothers in telephone interviews with this newspaper.

One case in point was that of Mrs. Rudolph Feldman who said, "My nine-year-old, now in the sixth grade, has already changed schools six times. First from Garden Village school to Benjamin Franklin, then from Franklin to Olympia, thence to Vista Mar, later to Thomas Edison and last to Abraham Lincoln. If this new move goes through it will be the seventh change in schools for him as he enters the sixth grade this fall."

Mrs. Feldman also pointed out that during the period of frequent changes her child had also been "subjected to short period schooling during two semesters" in that time.

Some of the mothers voiced a protest over the way in which the children from west of Skyline are bused to and from the school. They said that the school district transports them in buses leased from the Greyhound lines and that these buses are not properly marked as school buses.

Bus Dangers Cited
"Use of buses such as these, is endangering the children," several mothers protested. "By traveling to and from school in such manner they are not afforded the protection from drivers of other autos because of the lack of adequate school bus caution markings." They cited one instance in which they claimed a school child received minor injuries after alighting from one of the leased buses.

The new protests lodged with the board of trustees and the petition to be considered at the regular board meeting Monday night is the second move of this nature to face the board since school authorities started to consider transfer of pupils to the new school.

The first protest petition was filed by some 250 parents of children residing in the Westlake Knolls area close to the new school. Although the pupils from the west of Skyline area are bused to the Abraham Lincoln school, the children of Westlake Knolls walk to classes at Thomas Edison school at Southgate and Lincoln avenues. They would also easily be able to walk no greater distance to school at the new Christopher Columbus plant, according to west of Skyline petitioners.

However, in the protest petition filed with the board of trustees the Westlake Knolls parents charged their children would have to traverse undeveloped areas and either cross over or under the proposed new Junipero Serra-Skyline lateral freeway.

Lateral Freeway Change Urged
Some school officials have suggested to both groups of petitioners that action be taken to persuade the State Highway Commission to reroute the new lateral freeway so that instead of it crossing the Westlake Knolls area to the north of the new Columbus school at about Clarinda Avenue it swing further south beyond the school and hook up with Skyline freeway below Laguna Alta.

Some of the major items of protest stressed by the parents of west of Skyline pupils now attending Lincoln are as follows:

1. Were told Abraham Lincoln would be their school.
2. Cannot get guarantee against future moves.
3. So many disrupting school changes for pupils.

4. Upper grades unable to participate in after school activities.

5. Parents will be unable to usefully participate in school activities in many cases because of distance.

6. Parents and children cannot be expected to develop interest and pride in school and PTA because of insecurity.

There are nine important items of protest listed in the open letter to the board of trustees. This letter, signed by Mrs. Randy Marcus, secretary of the protest petition group, also formed the basis upon which the petition was circulated.

Parents serving on West of Skyline protest committee include Mrs. Randy Marcus, Mrs. Loy Jones, Mrs. Gloria Talbot, Mrs. Shirley Peerman, Mrs. Dorothy Ober, Mrs. Lewis Donnelly, Mrs. Esther Pava and Mrs. Beverly Grosch.

The open letter to board of trustees follows:

Open letter to members of the Jefferson Elementary School Board from West of Skyline property owners and parents concerning the possible transfer of our children to Christopher Columbus School from Abraham Lincoln School.

Dear Sirs and Madames:
1. We were told that Abraham Lincoln would be our school. Two schools were built on that site instead of one so we would have a school of our own.

2. We cannot get any guarantee that we won't be moved again, as soon as more houses are built in the Christopher Columbus area and these people feel that their children should go to Columbus School because it's in their area.

3. We can never depend upon having our own school, since we cannot have one in our area, unless the school board does something to stop our being moved around. If we go to Columbus some of our children will be attending their seventh school without ever having moved from one house.

4. Simply because our children are bused is no excuse for continually moving them farther away. Under these conditions they could be sent to any school in the Jefferson District simply because we have buses.

5. The upper elementary grades will not be able to participate in after school activities if they go by bus, and it's too far to walk.

6. Parents will not be able to usefully participate in school activities such as Public Schools Week, etc. unless they have transportation, because of the distance.

7. Our children will not be able to make use of the playgrounds after school and in the summer. But the children living in that general area will be able to make use of four schools without crossing a major highway or having to walk a great distance.

8. Playgrounds in the Palisades and Highlands are hopelessly inadequate. Older children have no place to play ball except the street, as it's not allowed in the playgrounds. We have no playground directors unless the weather is good, and no clubhouse or restrooms.

9. Can anyone expect parents and children to develop interest and pride in their school and PTA when they know it's only a temporary arrangement?

This letter has been given to each of the five school board members and will be brought up at the August 21st meeting of the board, at 101 Lincoln Avenue.

Mrs. Randy Marcus,
Secretary

SSF Taxpayers

budget deficiency which prohibited mail from the States being picked up more than three times a week, involving custom rulings on the shipping of the scooters back to the states, which delayed the group returning by three days.

One of the factors of the trip which should be made clear is the point that students of Central America can hardly be counted on to give a reliable feeling of the people of their particular country. This is so because the majority of citizens with the exception of Costa Rica, rarely go beyond the 6th grade of school. The students going beyond this level are those who generally have families with money. There are compulsory laws of education, but they are not observed. This was explained by an official who stated that when you take into consideration that the laborers of an 8 or 9 year old child might be the supporting factor of a family, that it is quite difficult to convince that education is superior to starvation.

The factor of age is also involved in evaluating student opinions. The rebellious ages of the teens in their attempt for independence, certainly is important. Thus, two approaches were taken in surveying the educational systems of Central America by the group. Bob Daugherty and Carl Hunter investigated through students and Paris Simmons and Victor Santa Maria through Civic, Government and Educational leaders. All were active with the "man-in-the-street," interviewing and talking with citizens from a range of peon to military leader.

Politically, observations seemed to indicate that the two countries closest in relationship with the U. S. are Costa Rica and Guatemala, while the two countries in danger of Communist or Socialist influence are Nicaragua and El Salvador with Honduras running very close.

Mexico, our closest neighbor is a land of extremes not only in culture, but in feelings; therefore impossible to classify. The only difficulty, in any of the countries traversed, was with the Ugly American. There was absolutely no hostility shown to the group by any citizen of any country traveled. This Ugly American appeared not only as the Principal of an American-Latin School, but also as a member of the U. S. Embassy in Costa Rica.—Paris B. Simmons.

Garage Fire

(Continued from Page 1)

They were treated for first, second, and possibly third degree burns about the shoulders and arms. They were later released. The father escaped injury.

According to police, at about 8 p.m., Neal Pazoia, 156 Mission street, wandered over to the garage. Upon entering, he saw a bucket of gasoline on the floor near an electrical extension cord. He told the boys they'd better pull the cord. One of the boys did. A spark shot out from the plug over to the gasoline and an explosion and fire followed.

Four fire trucks, 48 firemen and six police cars converged on the scene. When police arrived, they were informed one of the boys was still in the burning garage. Police Officer James Bergstrom dashed into the inferno and pulled the boy out, but was overcome with smoke, and lost consciousness. He was treated for smoke inhalation and released.

Fire officials estimate the total damage at approximately \$2,000. The garage was not razed.

W'lake Couple Thank Police Department, Firemen For Help

A Westlake couple has written a letter of commendation to the Daly City Fire and Police Departments, thanking them for their prompt and efficient service, when their baby took ill.

Mr. and Mrs. Daniel Lempre, 93 Crestview dr., said in their letter in part, "It is indeed gratifying to observe the very efficient and excellent emergency services of your departments. . . . Please accept our most sincere and heartfelt gratitude and appreciation for your wonderful response."

The Lempre refer to the evening of August 4, when their baby was taken ill. An emergency phone call was made, and within minutes both departments responded.

Building Fund Event Set For LDS Church
The Latter Day Saints Church will hold a building fund event at their new chapel at Hillside boulevard and Brunswick street on Friday at 7 p.m.

Highlighting the event will be a smorgasbord dinner. Entertainment will also be provided.

As a result of the 1959 Montana earthquake, 19 persons were reported missing and presumed dead.

Rabbi Writes W'lake Open Letter; Urges A Human Relations Clinic

"Because of the recent occurrence concerning Dr. Price M. Cobbs and his family, who were so poorly treated in our community and because this incident has been given not only city but nationwide publicity so that it has caused dismay among those of us who feel responsible that these actions should not occur again, I wish to propose the following as steps that may act as a preventive in the future."

I propose that the Westlake community develop a Human Relations Clinic, made up of both responsible citizens including clergymen, the Mayor, the President of the Westlake Improvement Association, and educators. The purpose of this Committee would be to:

One: First, take up the Cobbs' incident, attempt to investigate the circumstances concerning the maltreatment of this family, insure their safety and assure them of their welcome into our community.

Two: That the Committee discuss and if necessary bring experts in the field of Sociology and Psychology to its midst to discern how we may continue to have a peaceful and just community in which all, regardless of creed or color, may live.

Three: That this Committee be a watchdog concerning future possibilities of bias and that when members of the community have a need to express themselves in these matters.

Youth Club

(Continued from Page 1)

major purpose of the meeting. In the new move Buccelli, acting as co-chairman of the organization committee headed by Richard Fischel, president of the adult group, helping to sponsor the program, has requested all parents of teenagers or near teenagers to send in cards indicating their interest in the project. Each parent so doing will be contacted personally or by telephone as to time and place for the next organizational meeting.

The overall plan calls for a youth officered and operated service club organization guided and supervised in an advisory capacity by parents and other adults interested in the younger citizens of Daly City.

Under the proposals suggested in the statement the adult organizers of the youth-adult club plan intend to develop and assist the youths in using existing recreational facilities for dances, parties, athletic events and other activities with adults acting only as supervisors and chaperones.

Another step in the program will be developing an area in a building for exclusive youth use during certain hours for reading, juke box music, practice of or development of hobbies, art and music appreciation and probably a little theater group.

The club will elect its own officers from among the youth membership to conduct all affairs on the program with matching adult officers to work with the youths as advisors.

"Although land space in Daly City is hard to come by we do have areas available to conduct some of these projects such as dances, picnics, and sports," the statement read.

The adults concerned with the organizational plans also intend to finance the various activities of the youth club through memberships, some admissions charges to certain events, and other "legal methods," the press release set forth.

"None of the club's officers will receive any pay," it read. "All work, (whether by adults or youths) will be on a voluntary basis and the club's constitution and by-laws will be drafted by adult members with suggestions of responsible youth members."

It is not the purpose of the new club to develop a mere juke-box hang-out for the younger people but to develop an organization that will make the utmost use of many facilities already provided by the city and to supplement wherever possible, according to the announcement.

It stressed the fact that the organizers are asking all interested parents, members of PTA groups and the PAL group to send a card or letter indicating their interest and address or phone number to Anthony Buccelli, care of Mrs. Richard Fischel, 91 Eastgate Dr., Daly City, so they may be contacted and kept advised of the progress of the new Youth Service Club program.

Colma Sailor At Cuba Naval Base

Serving aboard the attack aircraft carrier USS Kitty Hawk, undergoing training operations at Guantanamo Bay, Cuba, is James G. Taylor, machinist's mate second class, USN, son of Mr. and Mrs. D. H. Taylor, of 852 Beechwood drive, Colma.

ters, that they come to the Committee for such expression and for resolution of these

pressions.
I have taken it upon myself to call the various members of the above suggested and I know that our entire community will want them to respond to the call to make our area one free and noble.

In the meantime, I do hope that all the residents of Westlake who continue to believe that this is the home "of the brave," who continue to make life worthy and free; will write letters to the Cobbs expressing their thanks for their willingness to live within our community after such an incident and also their support that we can all live together in peace and unity."

—Rabbi Robert Shapiro.

TEN NEW CLASSES ARE ADDED TO EVENING SCHOOL OFFER

Ten new classes are being offered starting the week of September 11 at Jefferson, Westmoor, and Terra Nova High Schools in response to public demand during the past year.

At Westmoor High School the following new classes will be offered: "Speed Reading Skills" will be taught by Robert Gross. The main purpose of the course is to review the basic skills involved in reading, to increase comprehension in various subject areas and to increase reading speed. Students will be given individual attention according to their particular weaknesses. At each class meeting the students will use the Controlled Reader and the Tachistoscope, as well as other audio-visual aids. This class will meet on Wednesday evenings from 7-10 p.m.

Stan Feldman, instructor, will teach a nine-week long class in jewelry. The class will cover contemporary jewelry design, basic techniques as applied to tools and materials in the making of jewelry and to provide insight into the artistic areas. Feldman will employ in addition to lectures, the use of visual materials and demonstrations in order to explain various techniques. Suitable projects for the nine-week period will be suggested by the instructor. Students will be expected to furnish certain tools and supplies.

In Business Education, three new classes will be offered. Albert Nutt will instruct a class entitled "Business English" on Thursday evenings from 7-10 p.m. This class is primarily designed for secretarial and clerical persons in the business world. Business Education will stress the importance of communication in everyday life, written communication in business and will also stress review of essentials of grammar as used in the business world, writing effective business letters, parts of the business letter, social-business letters, as well as improving selling skills and building vocabulary for the experienced and the inexperienced.

Offered for the first time in the county is a class entitled "Introduction to Data Processing." It is scheduled on Tuesday evenings. This class will be taught by Frank Cleary and other experienced personnel in the field of data processing and is designed primarily for businessmen as well as for other persons who are interested in this phase of business. "Introduction to Data Processing" is a one semester class and will cover such items as the definition of data processing, elements of data processing, organization, design of punch cards, processing of punch cards, processing report forms, individual analysis of case problems and many other items too numerous to mention. Students will have an opportunity to utilize and operate data processing equipment in this class.

Frank Terranova, Westmoor High School instructor, will repeat a class that was given last year and found very helpful to persons who were seeking employment prior to the Christmas holidays. Pre-Christmas Sales Training will begin September 11 and run each Monday evening through November. The course will cover the following: selling, business arithmetic review, cash register operation, fundamentals of salesmanship, different kinds of selling, human relations, and retailing. Anyone interested in registering for this class should do so at the first meeting of the class.

In the Foreign Language field, a course in Beginning Conversational Russian will be offered. This course was popular two years ago and is being repeated in view of the world situation today. The class will be handled by Donald Kambic, the same instructor who taught the class two years ago. Kambic indicated that the emphasis will be on the conversational level. It is hoped that in the Spring Semester an advanced course in Russian can be offered. The class will meet Tuesday evenings from 7-10 p.m. at Westmoor High.

Leslie Vogt, electrical shop teacher at Westmoor High will offer a new class entitled "Television & Radio Shop." This class is a result of a class that was offered last semester. It will meet on Monday evenings from 7-10 p.m.

Mrs. Helen Schellenberg, resident of Pacifica, will teach a class entitled "Creative Writing Workshop" at Terra Nova High School on Monday evenings from 7-10 p.m. Mrs. Schellenberg has had extensive writing experience as a professional writer and has just completed work on three novels which are now being considered for publication. Some of her publishers are McFadden, Dell, Faussett, as well as other publishers. Her professional background shows work at San Diego State College, Alameda Adult Evening School, San Mateo Adult Division, and San Francisco State College, Adult Division.

Another class at Terra Nova High especially designed for women is a class called "Chor-

Tax Collection Per Capita Basis In Bay Area Up

A whopping \$107 increase during the last two years in per capita tax collections in the nine Bay Area counties was disclosed this week in a study released by California Taxpayers' Association. For each man, woman and child a record-breaking \$860 was collected during the year ending June 30, 1961. In the year ending in 1959 collections totaled an estimated \$753 per capita.

State-wide the increase in tax collections on a per capita basis was \$98 for the two-year period. For each Californian the 1960-61 bill averaged \$852, up 13 per cent, from the \$754 for 1958-59.

The total tax burden state-wide reached an estimated \$13,674,300,000 in 1960-61 — up \$2,506,000,000, or 22 per cent, in the two years since 1958-59. Federal tax collections for the past year amounted to \$8,436,700,000 — up \$1,513,100,000, or 22 per cent, over two years ago.

State revenues from all Californians totaled \$2,752,400,000 for 1960-61 — an increase of \$575,400,000, or 26 per cent, for the two year period. Local property tax levies for the entire State in the year just ended amounted to \$2,259,200,000, up \$391,300,000, or 21 per cent, from 1958-59. City sales taxes collected state-wide this last year totaled \$191,200,000 — up \$24,500,000, or 15 per cent, from the 1958-59 collections, and county sales taxes collected state-wide were \$34,800,000 — up \$1,700,000, or 5 per cent.

State-wide the per capita figures for Federal taxes rose from \$468 in 1958-59 to \$526 in 1960-61, a 12 per cent increase, and from \$147 to \$171 for State taxes, a 17 per cent increase. For local property taxes state-wide the per capita figure rose from \$126 in 1958-59 to \$141 in 1960-61, an increase of 12 per cent.

"This skyrocketing tax burden calls for great voter vigilance in dealing with excessive welfare state proposals," commented S. J. Arnold, General Manager of the Association. "We must husband our resources for national survival and essential public services."

So. S.F. Rezoning Applications Are Held In Abeyance

Applications to rezone a block-long area of Peck's lots from R2 to R3 and another to rezone a 60-acre parcel of View Monte terrace so it can be developed as a planned community were both denied action Monday night by the South San Francisco Planning Commission.

The rezoning of the Peck's lots area was denied due to the fact that a number of lots had been left out of the proposed plan, according to Mrs. Anita Robertson, planning director.

The proposed rezoning from R2 to R3 would also call for improving streets, sidewalks, curbs and gutters, the director said. Therefore the planning commission decided to deny the application and hold another hearing on August 28, at which time the additional lots are to be included in the application.

No action was taken on the rezoning of the View Monte terrace 60-acre parcel because plans and other details had not as yet been thoroughly worked out. The city engineer of South City and other departments are presently working with the petitioner on various phases of the proposal.

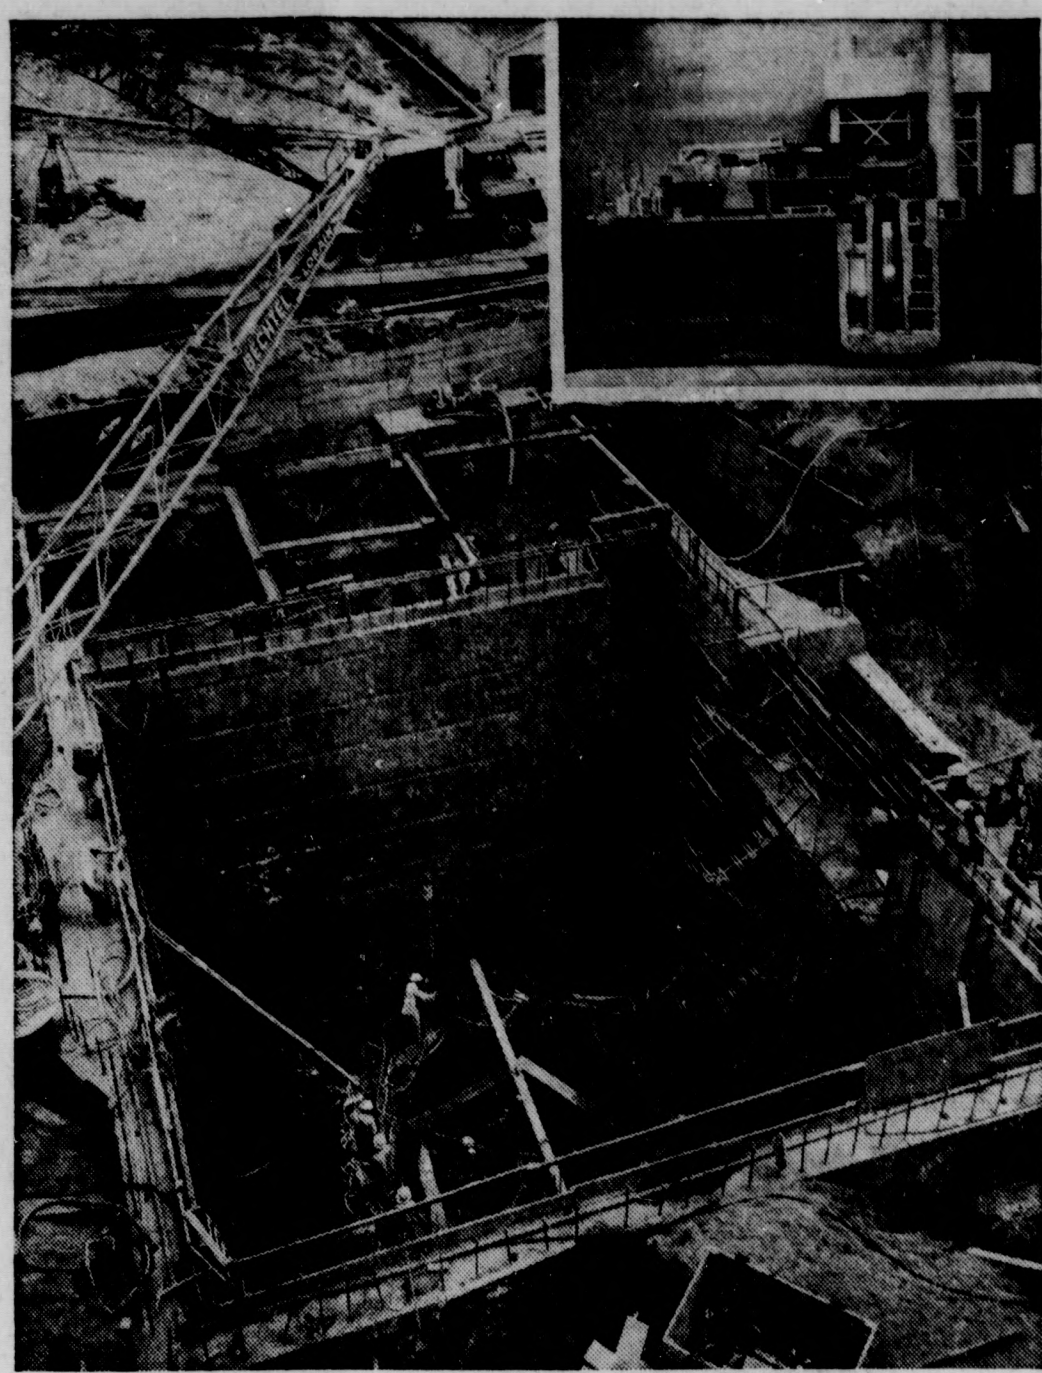

The 60-acre View Monte parcel rezoning, which will call for the establishment of a planned community in the area, is located on Sign Hill in the vicinity of Hillside and Chestnut streets.

E. H. Cooper, retired oil company executive who recently subdivided a part of Sign Hill as an exclusive residential section, is the developer of the new planned community. The requested planned community will consist of a variety of residence types and a shopping center.

County Education Bd. Receives Resignation, Grants Leave

Resignation of Gordon McKeon, physical education and health consultant, and leave of absence of Chester L. Maul, coordinator, guidance and research, were respectfully accepted and granted by the San Mateo County Board of Education at a recent meeting.

McKeon left his San Mateo County position to accept that of Director of Personnel Services in the office of the Monterey County Superintendent of Schools. Maul's leave of absence was granted to permit him to accept the position of Coordinator of Guidance and Testing, U. S. Air Force in Europe.

PG&E A-PLANT ONE-QUARTER BUILT—Construction of Pacific Gas and Electric Company's Humboldt Bay Nuclear Unit near Eureka, California, has reached 25 per cent of completion. The huge below-ground caisson that will contain the nuclear reactor has been completed and installation of apparatus within it has begun. Workmen in the picture are standing on the edge of the caisson's inner cylinder (see cutaway at upper right) into which the reactor pressure vessel will be inserted. The caisson extends 85 feet below ground level, contains 5,100 cubic yards of concrete and 244 tons of welded steel plates. The 60,000-kilowatt nuclear-fueled electric generating station is scheduled for completion late in the summer of 1962. It will cost \$20 million.

Man Can Stand Weightlessness Declares U.S. Space Expert

"The recent multiple orbital flight of Major Gherman S. Titov covering some 435,000 miles demonstrated that 25 hours of weightlessness can be tolerated, but not only functional but even organic changes are to be expected," Dr. Constantine D. J. Genesale, Coordinator of Space Medicine Research of New York Medical College, said recently in a talk delivered before the Commonwealth Club of California at the Sheraton-Palace Hotel.

"Gravity, or gravitation, is that force by which every mass or particle of matter attracts and is attracted by every mass or particle of matter. One of the peculiarities of gravity is that since it involves physical attraction between two or more bodies or masses, there are only one such body or mass in the entire universe, it could have no weight for there would be nothing to attract it."

"In reference to man it has been calculated that he expends about one-third of his total energy production in overcoming the force of gravity by use of his skeletal groups of muscles. He is not continuously aware of its presence. Nor is gravity branded as the culprit when he meets disaster in a fall from the skies he wanted to navigate or explore, or when his neglected overweight body with cholesterol-plated arteries resents the effort of walking uphill or upstairs."

"It would also surprise most people to know that their weight is a trifle less in their bedroom upstairs than in their living room below."

"It is interesting to note that Francis Godwin in his book, 'Man in the Moon,' published in 1638, describes how the hero noticed that his weight, as he was leaving the earth on a raft drawn by swans, was disappearing and on landing on the moon observed that the pull of the moon was much weaker than the earth's. These deductions are indeed remarkable as they were made four years before the birth of Newton."

"Buildings or skyscrapers have the effect of slowing the earth's rotation by very small but constantly increasing number. To grasp this, one has simply to recall the pirouettes of a dancer or figure skater, spinning faster when arms and legs are closer to the body, and slower when these are extended."

and the flattening of the poles, caused by centrifugal force, has the opposite effect but is not large enough to counteract the effect of the centrifugal force.

"No one is really conscious of the fact that at the equator he is travelling with the peripheral velocity of 1,000 miles per hour, and that earth is orbiting around the sun at some 61,000 miles per hour."

"When man travels eastward at the equator he is not at all aware that he weighs less than when he goes in the opposite direction. For example, if he flies eastward over the equator at 600 miles per hour, a 150-pound man will lose at that speed, just above the earth, one and one-half pounds, or weigh 148.5 pounds. The greater his velocity and altitude, the greater his weight difference."

"Surely, it is now self-evident that man was born and has died, generation after generation, in the continuous state of high velocity. Thus man hurtles through space without the least sensation or awareness at a conservative 810,000 miles per hour."

"The mass of the earth tends to pull another mass radially towards its center at the rate of 32.17 ft./sec./sec. This is called the acceleration of gravity or 1G. At the poles this figure is smaller, at the equator it is greater. A person with his feet on the ground weighs less on a mountain top than at sea level. A state of hypergravity exists when a force or combination of forces is greater than 1G."

"Hypogravity of less than 1G is found on the surface of the moon and of any of the minor planets — Mercury, Venus, or Mars. Subgravity conditions exist in the plethora of asteroids orbiting between Mars and Jupiter, of which Ceres (diameter 480 miles) is the largest and Eros the closest. Although the major planets themselves with their reducing gaseous atmospheres offer no welcoming surface at the present state of our knowledge, some of them

present a reasonable challenge for feasible landings.

"Incidentally, we are hardly aware of a state of weightlessness when our ascending elevator comes to a stop, or when the elevator from a point of rest proceeds down again. True, the time element one spends in a state of weightlessness is exceedingly small—a fraction of a second. It is also small at the moment of the peak of a jump when one's feet leave the ground."

"Once a satellite or space ship has achieved orbital flight, after having left the earth with the minimum escape velocity of 7 miles per second, it will no longer fall back to earth. Its crew and passengers will experience various peculiarities in which they will have been previously indoctrinated, whether exposed to a state of weightlessness in a circular orbit in direct line of interplanetary travel, or subjected to an artificial gravity of 1G."

"In cosmic space there is really no 'up' or 'down.' In direct line flight, coasting, or with a small acceleration from .01-.001G to a chosen celestial body—a person will not be permitted to move about inside the space ship without consideration of 'ballast' distribution, whether he uses suction cups on his soles, uses magnets, or holds on to appropriate bars. The reason is that shifting of any weight while in motion will alter the attitude of space vehicle and cause it to tumble without altering its direction in the absence of an aerodynamic milieu. However, in the presence of a planet's atmosphere such a shifting of weight within the space craft will also affect its direction in accordance to aerodynamic principles creating immediately a number of undesirable problems necessitating fine manipulation of a necessary guidance rockets, if a proper landing in a confined area was advisable."

CAN'T FIND WORK, MAN KILLS SELF

Because he had been unable to find work, George Gordon Schuck, 52, of 72 Oceanside drive, shot himself Saturday night shortly after 9 p.m. with his .22 caliber automatic rifle, according to police.

Police said Schuck shot himself while in the family bedroom. His wife was in another part of the house at the time. Schuck, badly wounded, was transported to Peninsula Hospital, where he died at midnight, police reported.

Police said that Schuck's widow told them that he had been quite despondent over not being able to find work. Funeral services were conducted Tuesday in Memory Gardens in Concord.

Amirkhan's Hearing Held Over To Sept. 5

At the request of Attorney E. Berberian of San Francisco, Judge Marcel P. Biscay of the Municipal Court Northern Judicial District in South San Francisco, continued the preliminary hearing of Theodore Amirkhan, 22, of San Carlos, to September 5 at 2 p.m.

Amirkhan is charged with a \$77 burglary of Duffy's Tavern, Knowles avenue and Mission street, on June 29.

Amirkhan appeared in the South San Francisco court late last month and pleaded not guilty to the charge, and at that time the judge set August 10 for a preliminary hearing. Berberian represents Amirkhan.

Six CD Meetings Are Scheduled Throughout State

Six special civil defense meetings for law enforcement officers throughout the state will be held by the California Disaster Office beginning this week.

The first meeting for 11 northern California counties was held in the Courthouse at Redding from 1 to 4 p.m. on Tuesday, August 15, according to Wayne Kranig, Chief of the Law Enforcement Division of CDO, George Brereton, Deputy Director of the Department of Justice, is scheduled to assist with the meetings.

The second meeting will be held at CDO headquarters in Sacramento on Tuesday, August 22, from 1 to 4 p.m. for sixteen central valley and mountain counties. Four other regional meetings are scheduled in September.

The purpose of the meetings is to check emergency law enforcement communications and planning, and elect regional law enforcement coordinators for each of the State's six civil defense regions.

Kranig indicated that the meetings should increase the readiness of law enforcement officers to meet any type of emergency.

Butano State Park To Be Dedicated On September 16

On September 16, at 2 p.m. the official dedication of the Butano State Park will take place at Butano Forest in San Cateo county.

Prior to the dedication every one attending is urged to bring their lunch and avail themselves of the opportunity of walking through portions of the park, see the displays related to development, and talk to state and local park officials.

Many of the old time residents of San Mateo county, the Bay Area, and the State have worked earnestly to secure this area as a state forest reserve. Thousands of man hours have resulted in bringing this notice of the dedication to those people in the Bay Area who have watched this park acquisition progress during the past two decades.

Old time residents, county officials, state officials, youth groups, horsemen, and friends of this area, are cordially invited to attend and make this a day's outing. As soon as a directional map is drawn, it will be presented to the public on the official program and to the newspapers for reproduction so that there will be adequate information and directions to reach the site of the dedication ceremonies.

Adult Nite School At Jeff To Offer 'Citizen' Classes

The Jefferson Adult Evening School has announced that the section on Americanization covering English for the foreign speaking and preparation for citizenship has expanded the number of classes this semester. Classes are offered to all non-citizens who want to improve their English speech or want to study for their citizenship papers.

English for the Foreign Speaking, beginners level, is offered on Monday and Wednesday evenings, English for the Foreign Speaking, intermediate level, is offered on Tuesday and Thursday evenings, and an advanced class for English for the Foreign Speaking is offered on Tuesday and Thursday evenings. Classes meet at Jefferson High School from 7-9 p.m. On Monday evenings from 7-10 p.m. a class in Preparation for Citizenship is slated.

The only class offered at Westmoor High School is in "Preparation for Citizenship" held on Thursday evenings in Room 7 from 7-10 p.m.

At Terra Nova High School two classes in the Americanization field are offered. English for Foreign Speaking, all levels, on Monday evenings from 7-10 p.m., and Preparation for Citizenship is also held on Monday evenings from 7-10 p.m.

Offered for the first time at the Bayshore Housing Authority, 111 Iwo Jima Road, Bayshore City, are two classes in English for Foreign Speaking. One class meets Tuesday mornings from 9-12 a.m. The evening class in English for Foreign Speaking meets Thursday evenings from 7-10 p.m. Louis Martin, principal of the Adult Evening School said that if additional people were interested he would offer the classes in other locations. If you have neighbors or friends who would benefit from these classes please inform them of the class openings. More information may be obtained from the District Office at PL 5-1162.

Kendree Tells Plans To Enlarge Crusade Phase

U. R. (Jack) Kendree, chairman of the Construction Division for the 1961 campaign of the United Crusade of San Mateo County, has announced plans for enlarging the scope and participation by members of the construction industry in the annual Crusade drive this fall.

Following a special meeting with representatives of the Building and Construction Trades Council, it was decided to enlarge the original C-Day activity into a C-Month. Starting on Tuesday, September 12, workers in construction industry throughout the county will be asked to donate a total of four hours work to the Crusade. The plan provides that the men will work one extra hour each week for four weeks, with pay to be donated to the federated fund.

Kendree explained that the new plan will enable more workers to participate in the plan by its greater flexibility. The original C-Day program provided that workers went to their jobs on a designated Saturday for four hours with the pay to be donated to the Crusade.

At the meeting, labor representatives indicated that they would try to set up a uniform extra hour on Tuesday of each of the four weeks.

Labor representatives attending the meeting were U. S. Simmonds and Henry Schwab, of the Building and Construction Trades Council; J. J. Minehan, Carpenters, 848; Earl Honerlah, Carpenters, 162; Rupert Morgan, Sheet Metal Workers, 272; William G. Raney, Operating Engineers, 3.

The C-Day plan has been used by the San Mateo County Crusade since 1955 and has been endorsed by both management and unions in the building and construction trades. It has been credited with the success of the division in increasing local participation in the annual Crusade and has been copied by drives in other cities.

Two Young Men Rob Boy, 13, Of Earned \$3

Two young men Saturday night approached a 13-year-old Daly City boy in the 6000 block on Mission street and robbed him of \$3 he had earned from his newspaper route.

The robbery took place around 7:30 p.m. in front of 6055 Mission street, according to police. John Walton, 13, of 108 Knowles avenue, told police that shortly after 7 p.m. he was approached on the street by two men, one of whom grabbed him by the neck and forced him to hand over all the money he had, which amounted to around \$3. The two men then fled.

A search and questioning by police led to the arrest of James Clay Moxley, 21, of San Francisco, and Patrick Joseph Manning, 24, of Alhambra. The pair were booked in County Jail to await arraignment. Bail was set at \$25 for each. They were charged with strong-arm robbery.

Pacifica Council To Study Drains, Phone Book Split

Pacifica City Council was preparing at press time to study storm drainage proposals and the plan of the Pacific Telephone Company to split the San Mateo County telephone directory into three sections, north, south and coast-side.

These were the two major items on the council agenda for Wednesday night, according to City Manager Karl Baldwin.

The council was reportedly as split over whether to approve the telephone company's application to the State Utilities Commission to divide up the phone book as the three-way split proposed under division of the directory.

The city-wide storm drainage program under study will probably be mainly confined to the first stage at present, the city manager said.

The first stage would call for an estimated expenditure of \$664,000 covering storm drainage installations in the most critical areas. These areas include Edgemoor, Pacific Manor, Sharp Park, Linda Mar, Valle Mar, and Rockaway Beach. Subsequent stages of the overall storm drainage program will be considered at a later date.

The first stage storm drainage report on plans and estimates was scheduled for presentation to the council by Engineer Milton Fouts representing City Engineer Charles McCandless, City Manager Baldwin stated.

It's News To Vets

Questions and Answers

Q—Is there a deadline by which a beneficiary of a veteran's GI insurance policy should file to obtain the insurance? Gilbert Crane, music instructor at Jefferson High, will teach the class on Thursday evenings in the Music Room from 7-10 p.m. All persons interested in this phase of music are encouraged to attend.

A program for men in physical education is scheduled for Tuesday evenings in the men's gymnasium. Jess Jones, the instructor, has outlined a class with emphasis on exercises, workouts, apparatus, and other related activities.

A—There is no time limit for a beneficiary to apply for the proceeds of a veteran's policy. Usually, the VA sends the proper forms to the beneficiary of record upon learning of the veteran's death. But there is no limiting date for payment.

Q—Can a nonservice-connected World War II veteran still undertake educational courses under the so-called GI Bill?

A—All educational rights for

nonservice-connected World War II veterans have now expired.

Q—Can histories of former wars of the United States be obtained through the Veterans Administration?

A—The VA does not have histories of former U.S. Wars.

Q—Where does one apply for VA domiciliary care?

A—Application for domiciliary care may be made by a veteran or by his guardian or representative at any VA office. The veteran should not be sent or taken to a domiciliary until prior approval for his admission has been received.

Pacelli Tells Rotary About Celebration

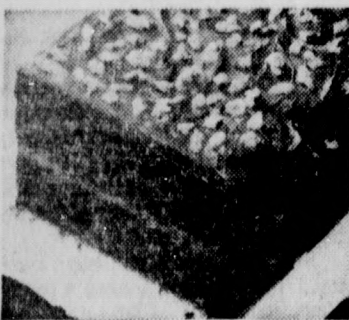

Frank Pacelli, executive chairman of the Golden Anniversary Committee, was guest speaker this week at the luncheon meeting of the Daly City Rotary Club. His topic: the forthcoming anniversary activities.

Also on the program was Frank James, noted quick-draw artist. Finemaster was Art Colvin.

DESSERTS OF THE WEEK FROM Betty Crocker

Having a party? Little Baked Alaska Cupcakes are different and fun. Or try our Wisconsin Cream Cheese Loaf. Smooth and creamy and rich with milk chocolate. It's a real summer favorite with the girls in our Betty Crocker kitchens. See if your friends don't agree.

Cake-of-the-week:
WISCONSIN CREAM CHEESE
LOAF

Bake Betty Crocker Milk Chocolate Cake Mix in an oblong pan, 13x9x2". Remove from pan. Cool. Cut into 2 pieces, 9x3x1". Fill and frost with Cream Cheese Frosting. Soften 1 pkg. (8 oz.) cream cheese with 1/4 cup milk. Add 1 pkg. Betty Crocker Chocolate Fudge Flavor Frosting Mix and beat until smooth and fluffy. Chill till serving time.

Family Favorite:
LEMON SURPRISE

Heat oven to 350° (mod). Prepare 1 pkg. lemon pie filling mix (not instant) as directed on pkg. Pour into an 8x8x1 1/2" pan. Let stand while making cake batter. Make batter as directed on Betty Crocker White Cake Mix pkg. Pour 1/2 of batter over lemon filling. Bake 35 to 40 min., until top springs back when lightly touched. Sift confectioners' sugar over top. Serve warm.

Note: Bake rest of batter in greased and floured 8 or 9" round layer pan as directed on pkg. Serve as dessert for later use.

Party-festive:
BAKED ALASKA CUPCAKES

Make cupcakes as directed on any package of your favorite Betty Crocker Cake Mix. When cool, remove paper liners and cut cones from tops of cupcakes. Fill hollows with scoops of ice cream. Put filled cupcakes on baking sheet; place in freezer section of refrigerator while preparing 1 pkg. Betty Crocker Fluffy White Frosting Mix. Cover tops and sides of filled cupcakes completely with frosting. Bake 3 to 5 min. in very hot oven (500°), or until lightly browned. Serve at once. Good go-togethers: Devils Food Cupcakes with Vanilla ice cream; Toasted Coconut with strawberry or cherry; White or Yellow with chocolate.

the difference you can taste

Despite Fog, Winds, Roses Do Grow In DC; Just How Told Here

By Julian F. Hargrove

The Queen of all flowers can be grown with success in Daly City.

Until the early 40's it was the opinion of many gardeners that roses could not successfully be grown in San Francisco and Northern San Mateo County because of the fog and strong ocean winds.

Mildew, rust and black leaf were prevalent and difficult to combat. Since the formation of rose societies in San Francisco, Daly City and San Mateo, the study of rose culture has brought about the growing of the finest roses in the United States.

There are some species which need a warmer climate than is found in Northern San Mateo County. Rose societies and garden clubs have prepared a study, "Proof of the Pudding," which includes the names of rose varieties that do best here.

Roses grow and bloom in either clay or sandy soil, on organic or inorganic fertilizers, and will tolerate acid or alkaline soil but they will only do well if properly treated.

In addition to obtaining the best bare root stock available, there are four major cultural procedures which must be followed to obtain best results.

The four procedures are: Proper planting, adequate watering and scheduled feeding, regular spraying and pruning.

Soil preparation before a rose root is planted is most important. A hole 18 to 24 inches deep and 18 inches across should be dug in September or October.

Take out all dirt and prepare a mixture of 10 percent cow manure, 10 percent alfalfa meal, 10 percent peat moss, 70 percent soil and one half pound can of bone meal. Mix thoroughly, put back in hole and water.

In January take the dirt out and plant with bud union above the ground level, building dirt up around the cones several inches. Water thoroughly, remove dirt and uncover the bud union when new shoots are an inch or two developed.

Established bushes must be irrigated, five gallons of water per bush, every week during growing season. A feeding program should start in December with a cup full of bone meal to each bush. In February, apply two pound coffee can full of Alfalfa meal. Water heartily after all applications. In March, feed each bush a cup of commercial fertilizer. The fertilizer must contain nitrogen-sulphur phosphate and potash.

An 8-10-10 fertilizer every two weeks from the middle of April through May will develop strong cones and good blooms.

During June and July foliar feeding is recommended every two weeks, with a reduction of the amount of fertilizer applied. Foliar feeding alternated between ground feedings, early in the year, is helpful.

The best way to avoid fungus is to keep bushes healthy. Plants should be sprayed every week or 10 days. Use sulphur and Fermate for fungi. A good insecticide is Malathion or Diazinon.

Always irrigate the day before spraying. Cover the underside as well as the top of the leaves. Pruning should be done in early January.

A rose garden should provide joy to the grower. Every rose grower should join a local rose society and the American Rose Society, to obtain the latest information on plant culture.

The rose probably has been more widely reproduced in art and referred to in literature than any other bloom. It is the most widely cultivated garden flower in the world.

School Districts Unable To Accept Insurance Check

A school district may not require an employee, who has been receiving full salary during an illness recovery period, to endorse his Workmen's Compensation Insurance check to the district.

Nor can the district deduct from his check the amount of workmen's compensation paid the employee.

So ruled Attorney General Stanley Mosk recently.

Furthermore, where such deductions of compensation have been made, they should be restored either by (1) agreement with the employee crediting back to his sick leave an amount of time proportionate to the compensation moneys received from the employee, or (2) returning to the employee the full amount of money received or deducted.

The opinion was prepared by Deputy Attorney General Elizabeth Palmer of San Francisco on a query for clarification received from District Attorney A. B. Broyer of Placer County.

A school district in Placer County has a policy of requiring employees to endorse their compensation checks to the school district. If the employee refuses to do so a like amount is deducted from his pay check.

"The governing board's requirement... might possibly be construed as a violation of Labor Code section 3751," states the opinion. This section prohibits the employer from taking or receiving any deduction from the earnings of any employee to cover the whole or part of the cost of compensation.

The opinion was prepared by Deputy Attorney General Elizabeth Palmer of San Francisco on a query for clarification received from District Attorney A. B. Broyer of Placer County.

Daly City Women On Cootie's Whist Benefit Committee

Members of Aloha No. 76, San Francisco Cootie Club, plan a whist game at the San Francisco War Memorial building Thursday, Aug. 17, at 1:30 p.m., to raise funds for the veterans' and military hospital work carried on by the organization.

The Cooties work closely with the Order of Cooties of the Veterans of Foreign Wars. The women carry on general aid work in the hospitals and provide entertainment and relaxation for the patients.

Co-chairmen of the Whist Game Committee include Carmetta Jackson and Mayre Alberts of Daly City and Viola Skeen, San Francisco. Mrs. Pat M. Fawcett is general chairman.

Funds derived from the games will be used to defray expenses for cards, games, reading material and other

Carnival-Funday For SSF Kids This Friday

The South San Francisco Recreation Department will hold a gala carnival and fund day at the Orange Avenue Memorial Park, Orange Avenue and Tennis Drive, Friday, 10:30 a.m. through 3:30 p.m.

Schedule for the day's activities will include a 10:30 costume parade; 11 a.m. carnival booths and games; 1 p.m. lunch; 1:30, all-star softball and low organized games; 3 p.m., teen age pie eating contest.

Children are requested to bring their own sack lunches, with name clearly marked on outside of sacks.

The costume parade will be headed by the sheriff's posse from Siebecker Recreation Center starting from the main recreation building at the park.

Parade participants are urged to meet in front of the building at 10 a.m. to be lined up in parade order.

A grand prize will be awarded for the most original costume in the parade.

Carnival booths, staffed by magnolia hi teen club members, will open at 11 a.m. and will feature such activities as hit pins, dart throwing, ring the duck, flip the clown, racing cars, nail pounding, photo studio, swinging targets, balloon shaving, and fortune telling.

Greased pole climbing, and skill games will also take place at this time.

Following lunch the recreation directors will take on (play) a frosh-soph all-star team in softball at 1:30 p.m. Low organized games, races and relays will be held for the younger children during the softball game.

Final event will be the teen-age pie eating contest at 3 p.m. Contestants will be drawn from the carnival booth operators.

The recreation department welcomes all area residents to enjoy the day's activities.

Children under the age of six, however, must be accompanied by a parent or guardian. Prizes will be given for the many activities.

City Employees Will Stage First Annual Picnic On Sunday

The first annual picnic of the city employees of Daly City is scheduled for next Sunday, August 20, at Boyes Hot Springs, Sonoma, according to Joe Lewkowicz, city treasurer and organizer of this country-outing get-together for municipal workers.

The majority of city employees, their families and friends whom they wish to invite, are expected to participate in this affair, Lewkowicz said. There will be swimming in the Boyes Springs pool, various sports events and ice cream and soda will be served free as a part of the \$1 per adult charge.

"Reports from the co-chairman in the various city departments indicate the picnic plan has been well received and the affair will be well attended by people from all departments," Lewkowicz said.

Fifteen co-chairmen, mem-

Names Of Certain High School Courses Changed, Few Added

A change of names for certain high school courses, and the substituting of certain courses with others, will go into effect this September in the three high schools.

These changes were recommended to the trustees of the Jefferson Union High School District recently by Dr. John

Ivan, director of curriculum, and the board approved them.

These changes are:

Social studies will hereafter be referred to as social science. A choice of one of seven social sciences may be taken toward graduation in lieu of American Problems in the senior year. That which can be substituted includes sociology, psychology, economics, Twentieth Century, and World Affairs.

The course now known as functional math, will be replaced with a course to be called Survey of Math. Solid Geometry now offered in the senior year, will be replaced by a pilot course called advanced math seminar.

Changes in the business department, include a course in personal typing to be offered, a change of name for the course now known as Duplication — to be called Business Machines. A course now referred to as Sales and Advertising, will now be called Merchandising I and II.

In the English Department at Westmoor, reading groups will be split into two groups to be referred to as (1) developmental reading, and (2) speed reading.

In the Science Department, a course now referred to as Life Science is to be called Basic Science; and the course now known as general science will be called Survey of Science.

Terra Nova will continue their pilot project with an additional science course to be called physical science.

In the Industrial Arts Department, Westmoor students will be offered on a pilot basis — full semester courses in the individual shops which were formerly closed to Freshmen, and they will be able to take them as part of the general shop course.

WISDOM OF JEW TALKS CONTINUE ON FRIDAYS

Rabbi Robert W. Shapiro will continue his discussion on the "Wisdom of the Jewish People" as depicted in ancient Hebrew literature and how it applies to our contemporary society. Services are held each Friday evening at 8:30 o'clock at Temple Judea, 95 South Mayfair avenue, Daly City. The community is invited.

KEEPING YOUR TELEPHONE READY TO operate around the clock is one of our most important jobs.

To do this, a constant supply of electricity is needed. Big batteries like these supply the electricity. We keep them charged with generators which operate on commercial power.

If disaster strikes at outside power sources, the batteries can provide electricity to keep your phone operating for several hours. In addition, we have stand-by generators that can provide service indefinitely, if necessary.

Planning ahead so your phone calls will go through — is another way telephone people work to serve you better.

OPENING SET FOR
NEW TOY STORE

The week of September 6 will mark the grand opening of the Skyline Plaza Toy and Variety Store at 170 Skyline Plaza.

Owner of the store is Sy Levey of San Mateo. His wife, Blanche, will manage the store.

One side of the store will be devoted to a wide variety of toys, with the other side divided into an infants wear department, notions department, and school supplies, greeting cards, party supplies sections.

Levey states that this is his first adventure in the retail business, having been in the installation and selling business previously.

MRS. EDWARD GALLANT, (left), gives a final grooming to her garden at 820 Washington street, Broadmoor Village, before photographing it for the home garden contest being sponsored by the Daly City Garden Club in connection with the Golden Anniversary Celebration, October 7-14. She is assisted by Mrs. Thomas Parish, 524 Atlanta street, Daly City. Applications for the contest, open to residents of Daly City, Broadmoor and Colma, may be obtained at 144 Hillside boulevard.

T. P. Coyne, your Telephone Manager in Daly City

This is the Army's Nike Zeus, the only free world missile now being developed to hunt down and destroy enemy Intercontinental Ballistic Missiles.

The eyes of Nike Zeus will be powerful ground radars that scan the skies. Its brain will be a computer that takes information supplied by radar and guides Nike Zeus to its fast-moving target.

Prime contractor for the Nike Zeus system is Western Electric, manufacturing arm of the Bell Telephone System. Bell Telephone Laboratories directs its design and development.

This is one of the many ways telephone people help keep the nation ready to defend itself.

This is Diane Prayetttoni, a service representative, shown here using a new public walk-up telephone in front of the telephone company building located at 85 Second Street, San Francisco. She was married recently to Jim Prayetttoni, who teaches English and Drama at the Aptos Jr. High School. They are living at 60 Belmont Drive, Daly City. Like service reps everywhere, Diane answers questions and requests when people call in about their service. We want you to meet her because she is typical of the people we like to have working for you — bright, personable, and likes to help others.

Keeping your telephone ready to operate around the clock is one of our most important jobs.

To do this, a constant supply of electricity is needed. Big batteries like these supply the electricity. We keep them charged with generators which operate on commercial power.

If disaster strikes at outside power sources, the batteries can provide electricity to keep your phone operating for several hours. In addition, we have stand-by generators that can provide service indefinitely, if necessary.

TV and RADIO

By Mona Baker

"Science in Action goes international! Exciting news from the California Academy of Sciences is the announcement that beginning this fall the award-winning television series hosted by Westlake resident Dr. Earl Herald will be seen in Hong Kong! Certainly a memorable milestone for the program which this fall begins its 11th year on the air. An interesting fact about the telecast is that although Dr. Herald will be seen on the program, voices will be dubbed in and heard in four languages—Mandarin, Cantonese, Chiuchow (a South China Dialect) and English. Executive producer of the program is Benjamin Draper who negotiated the sale when he visited the Orient last spring.

Exciting news with an international flavor too, from KQED. Their locally produced show "Casal Master Class" is the only American entry besides NBC's "Project 20—The Real West" in the Prix Italia 1961 competition to be held in Pisa, Italy in September. Twenty-four nations have submitted entries for the annual awards which are recognized

as among the most coveted of international awards. So now, it is international recognition for San Francisco's community channel which previously has received practically every national honor in the country for its outstanding television productions.

A first for KGO-TV—their distinguished program series "Expedition—California" will become the first locally-produced commercial series to be used on KQED's in-school viewing program. The series will be telecast twice weekly beginning in February.

Welcome news from Channel 2 is that in conjunction with plans for increased community activities they have created a new position of Director of Public Affairs Programming headed by George Greaves.

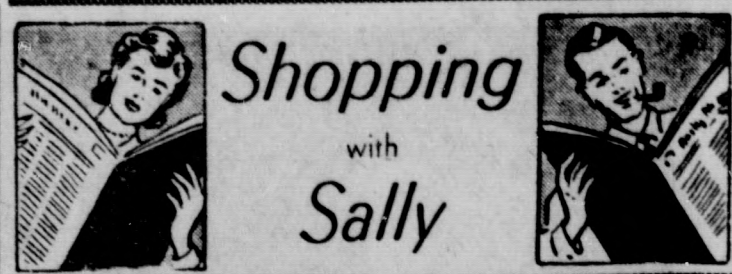

TV DATES TO MARK ON YOUR CALENDAR: Two important programs coming up on KPX, "The Crime Without A Country" (Wed., Aug. 16, 10 p.m.) which is story of "Interpol," the international police force; on Friday, Aug. 18, important documentary "Berlin: Act of War," one-hour special produced by CBS News.

Important new series on KRON-TV, "All America Wants To Know" (first Friday of month at 6:30 p.m.) jointly underwritten by Reader's Digest and Freedom Foundation and produced by Theodore Granik. Also on channel 4 on Mondays, the dramatic and skillfully produced "Medicine 1961" is seen weekly at 7:30 p.m.

NOW THEY GLUE 'EM TOGETHER

Supersonic airplanes are stronger and lighter when they are glued together, reports the National Automobile Club. Rivets, bolts, and spot welds have given way to fabulous new adhesives derived from oil.

One plane, for example, is entirely put together by glue, except for the windshield, landing gear, and the steel parts that must withstand the heat of engines. Fuel can be carried inside the wings without separate fuel tanks because the adhesive seals the wing surfaces against fuel leaks.

Shopping with Sally

Pencils . . . books . . . and guess what is just around the corner? Your WESTLAKE MERCHANTS' shelves are stocked with new fall merchandise to take care of all your school needs from the kindergarten set to college . . . be sure to read the back-to-school section carefully in your TIMES this week.

For instance, so handy to carry books in for the young student are brief cases . . . BUTLERS STATIONERY has a good supply both plastic and leather . . . from \$3 and up . . . also a handy gadget, "instant speller," selling for \$2.98.

Discovered at WALGREENS for the student . . . nifty magnetic binders that open from the side . . . by the way, they have a good reduction on lunch boxes (regularly \$2.49) selling for \$1.99.

Back-to-school calls for new clothes . . . you'll find a wonderful selection for youngsters at LASS AND LADDIE'S smart new shop.

Looking for an inspiration for school lunches . . . stop by WESTLAKE DELICATESSEN and look over their wide selection of cold cuts as well as other tasty dishes.

High fashion for the younger set at JUNIOR BOOT SHOP . . . for the young miss, black nylon velvet saddles, also bulky orlon anklets in bright fall shades such as burnt orange and magenta . . . loafers for boys in black or dark brown . . . by the way, JUNIOR BOOT is the exclusive distributor in Westlake for well-known Spaulding brand of shoes.

Speaking of high fashion, JAY VEE has those chic "capermates" advertised in "Seventeen" . . . also a wonderful selection of famous "Darlene" skirts and sweaters in simply heavenly new fall shades.

NEW ENGLAND SHOP'S shelves are filled with the latest in fall merchandise for the young man . . . new dark plaid raincoats (prices start at \$14.95) six and seven button sweaters . . . corduroys, polished cottons and flannels with teen-age favorite 13 in. bottoms . . . beautiful sports shirts.

On the subject of rain . . . exceptional value on rain boots at MOSHERS SHOES . . . while they last (values up to \$7.95) selling for \$1.77.

Moms-to-be too, will find savings if she shops at FERN WARNER MATERNITY SHOP'S "End of Summer Sale" . . . 90% of items are below actual cost . . . and remember in this area hot summer days are still ahead of us.

Looking for jackets for the pre-teen youngsters . . . just in at GRANTS—good selection in fall's latest shades.

CROWN DRUG has a full line of school supplies . . . sure to please the little miss, ball point pens with perfumed ink topped with a flower . . . selling for 29c.

The art student will find a good selection of art supplies at SEYMOURS' art department . . . by the way, the special on easels is still on.

Just in at TOY CIRCUS . . . one of the latest toys for youngsters . . . ball turret gun by Remco selling for \$1.95 . . . remember they have a layaway plan if you want to do your Christmas shopping early.

Reminder . . . WESTLAKE MUSIC CENTER is starting to enroll in all classes band instruments, organ, piano, ballroom dancing for the fall term . . . newest member of the teaching staff is Arthur Forcade who holds a degree in music and teaches percussion instruments.

Chic new fall fashions arriving every day at the beautiful new Westlake fashion store, SUE SCOTT DISTINCTIVE APPAREL . . . do plan to stop by soon and take a peek.

Already busy expanding their attractive store after having just opened it is RICHTERS . . . now being completed is a larger gift department as well as a new bedroom department . . . watch for the opening of these new departments in approximately a month.

Lt. Cdr. John F. Murphy, Jr.

Weekend Warrior Ends Training At Alameda Unit

As the administrative and personnel officer of Attack Squadron VA-876, Lieutenant

Commander John F. Murphy, Jr., USNR-R, has completed two weeks of Navy Reserve defense training at the Naval Air Reserve Training Unit, Alameda.

The reserve officer lives with his wife, Frances, and three children, John, 8, Gary, 6, and Joanne, 20 months, at 60 Westmont drive, Daly City. In his civilian occupation, Murphy, a native of San Francisco, is general manager of the Vulcan import and export company.

The accelerated training duty brought the Weekend Warrior jet squadron to a new high in combat readiness. The Reservists are prepared to join forces with fleet units and defend our country if sudden hostilities threaten.

The annual 14 days cruise was completed on August 13, however, Lt. Comdr. Murphy will continue to attend drills at NARTU Alameda to keep prepared for emergencies in keeping with President Kennedy's defense planning for Reservists.

Diploma Credit Is Offered At Jeff Nite School

One of the main programs offered by the Jefferson Adult Evening School is one for adults who wish to earn credit toward a high school diploma. The Jefferson Adult Evening School is the only adult school authorized to issue a high school diploma in Northern San Mateo county. Most classes that appear on the schedule may be taken for credit leading to a high school diploma.

Last year over 36 diplomas were awarded to successful adults who were seeking self improvements. If adults have had any previous high school training or satisfactory work experience they may be given credit toward their diploma. Graduation from the Adult Evening School is based on the successful completion of not less than 150 units of work. The State of California and the Jefferson Union High School District require 30 units of English, 10 units of U. S. History, 5 units of Civics, 10 units of Science, 10 units of Mathematics, 2½ units of Driver Education, 2½ units of First Aid, and 80 units of Electives.

Interested persons should telephone PL 5-1162 for more information or contact Principal Louis Martin at the same number in his office in order that a program may be planned.

"It is not unusual for some students to go to night school two, three, or four nights a week," states Martin.

Fitzgerald Asks Help From JFK

Supervisor James V. Fitzgerald this week sent a telegram to President John Kennedy asking for Federal assistance in setting up a survival food package program in San Mateo County.

Fitzgerald is chairman of the city-county civil defense and disaster planning board.

In the telegram, Fitzgerald suggests that the Federal Government package surplus food in daily survival food packages packed for long storage and to be as small as possible. The Government should price the items at cost, plus distributing costs, and these packages should be available at convenient locations, including grocery and drug stores.

MEMBERS of the Gingham Squares, a South San Francisco Square Dance organization, will appear in Westlake Shopping Center on Saturday afternoon, August 19 at 2 p.m. The program will last an hour and the audience will be invited to participate in the dancing. It is sponsored by the Westlake Merchants Association.

Jeff Nite School Opens Sept. 11 \$1 Fee Is Asked

The Jefferson Adult Evening School officially opens Monday evening, September 11 at all locations. Persons desiring to register in the classes should plan to attend the first meeting of the class as it appears on the class schedule.

Enrollments will be taken at the time and place of the first meeting. During the second week of the semester, enrollments will then be made in the school offices between the hours of 7 and 9:30 p.m. All classes are offered to the general public. There are no residence requirements.

Because the program is self supporting, all adult students enrolled in the Adult program are expected to pay for materials, books and required supplies. A \$1 tuition fee will be charged each registrant in the program except those enrolled in Citizenship, English for Foreign Speaking, forums and lectures. This \$1 fee entitles students to enroll in as many classes as they wish.

Also, those persons desiring to take classes for credit toward their high school diploma should contact the principal, Louis J. Martin, for counseling. Counseling service is available for guidance and advisement on Monday through Thursday evenings from 7 to 9:30 p.m. at any of the high schools. Arrangement for an afternoon appointment is possible by calling PL 5-1162 and asking for an appointment.

JUNIPERS CALLED JACK OF TRADES; GROW ANYWHERE

Junipers are jacks of all trades in the garden world. You can use them to plant a parkway, border a walk or fill a foundation bed. You can tub them for display on a deck or feature them in rockeries. The taller ones can be planted as windbreaks or to soften the harsh lines of a house wall. And in every case, they do all you could ask of them.

If the Junipers' uses are many; so, fortunately, are its varieties. There's no exaggeration in saying that half a hundred various kinds of Junipers must be available in the state. Indeed, the California Association of Nurserymen claims that such a figure is on the low side.

By far the most frequent use for this versatile shrub family is to cover open areas of ground. In parkways and borders, or on hillsides that cry to be clothed with something green, there is no better shrub to use. The compact, spreading forms not only have eye appeal, they make practically no demands on the gardener, resisting unwanted attention and thriving on neglect. Water is their one like, and you need only supply it in moderation.

To produce naturalizing effects in rockeries, the Juniper is unequalled. The low, spreading Tamarix Juniper and the even lower Creeping Junipers, of which several forms are found, blend with rocks and earth to produce nature's own garden. These are ideally planted on naturally rocky hillsides and it is worth hauling

Evaporated milk has the same nutritional value as whole milk, including proteins, carbohydrates, calcium and phosphorus, with extra vitamin D as a bonus.

DC Firemen Fight Bruno Peak Blaze Caused By Kids

Approximately 30 Daly City and county firemen from early Monday afternoon of last week until nearly 3 a.m. Tuesday of last week battled to confine a grass fire which swept over 100 acres of San Bruno mountain.

Several unknown youngsters didn't help the respective fire departments either. These youngsters, playing with matches, started a series of grass fires near the eastern end of Portola street. As firemen would extinguish one fire, others would be started.

Youngsters continued to add to the confusion by running two or three blocks down the hill and pulling alarm boxes even though firemen were already fighting the latest blaze.

At first the fire was thought to be under control about 7:30 p.m. However, children started another grass fire on the other side of the hill.

Firemen finally had the fire licked and left the fire lines at 2:30 a.m., but a crew was dispatched to the area as the blaze was still smoldering.

Both Daly City Fire Department and the county each sent four trucks to the scene.

Tom Walker Serving On Aircraft Carrier

Serving aboard the attack aircraft carrier USS Bon Homme Richard, operating with the powerful Seventh Fleet out of Yokosuka, Japan, is Thomas T. Walker, seaman apprentice, USN, son of Mr. and Mrs. John W. Walker of 407 Wildwood drive, South San Francisco.

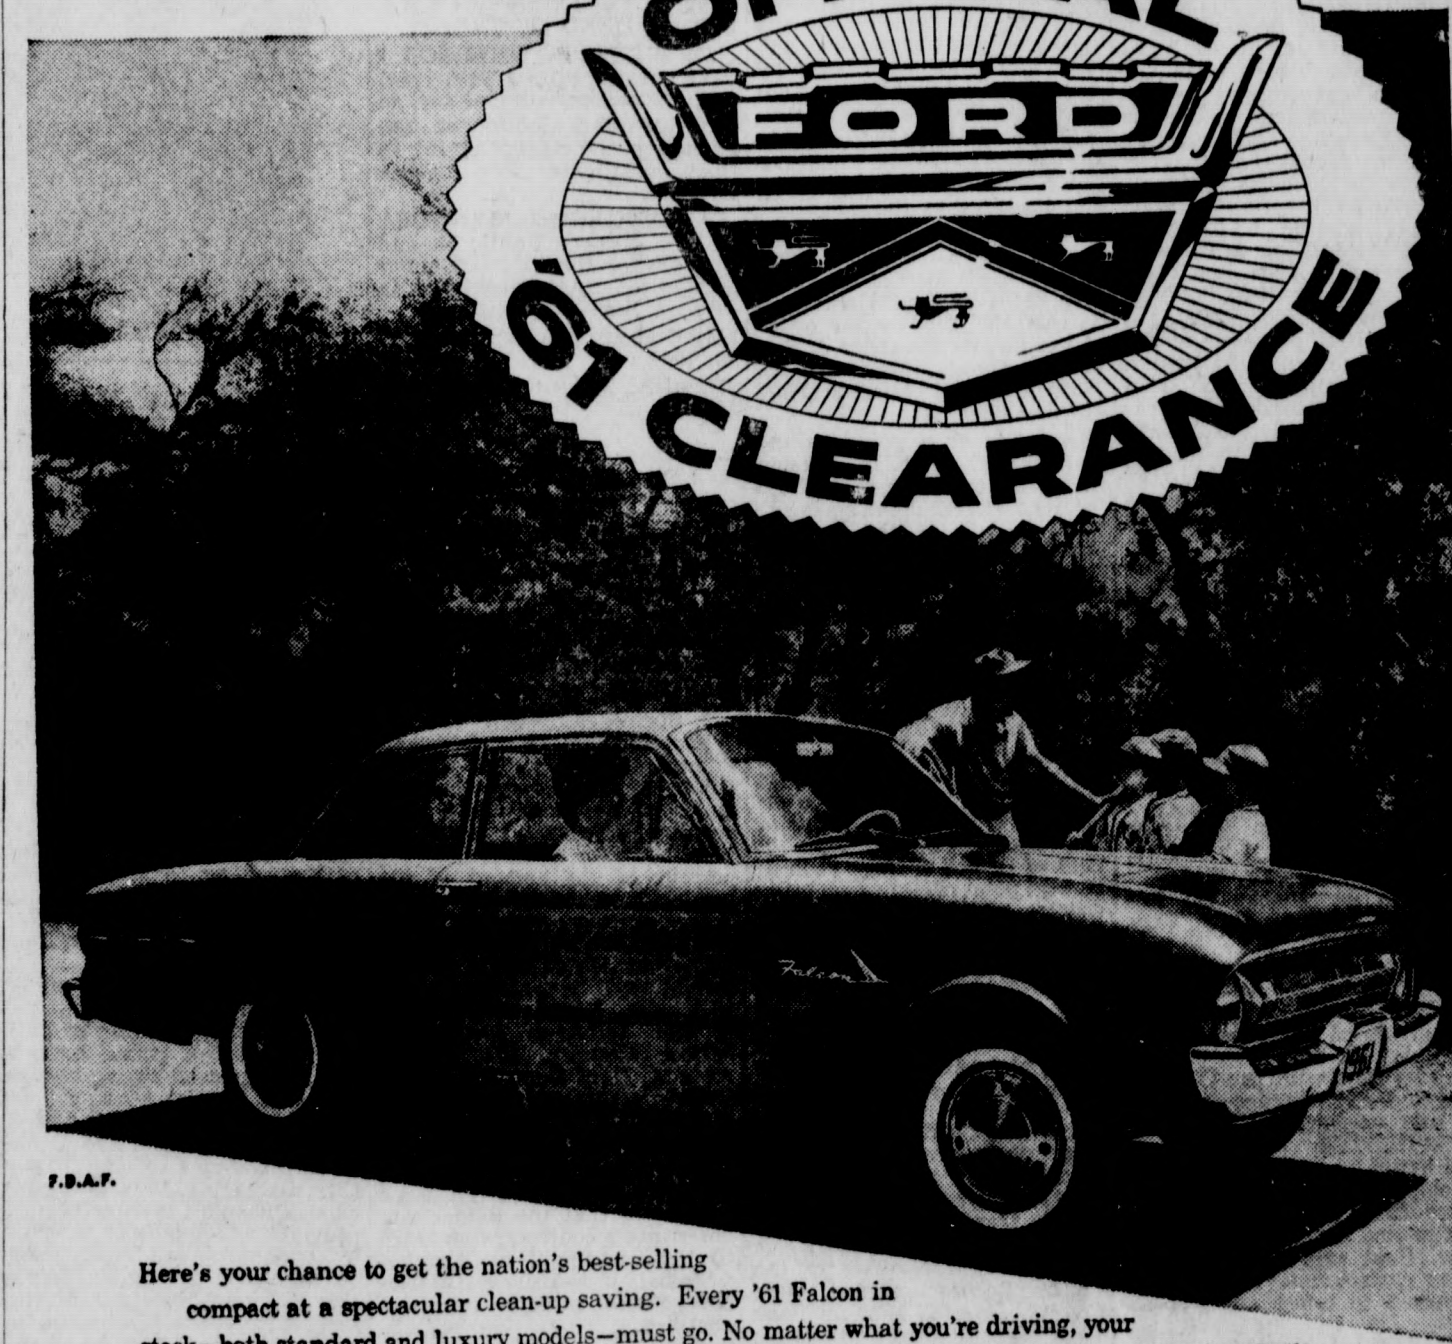

Evaporated milk has the same nutritional value as whole milk, including proteins, carbohydrates, calcium and phosphorus, with extra vitamin D as a bonus.

ing rocks in where rocks don't exist.

Of the larger, shrubbier forms, the Pfitzer Juniper is best known. It makes a rather full foundation planting and an impassable, but friendly, divider between properties. It can be used in parkways, too, though Tamarix Juniper is probably better.

The most highly prized Juniper for planting against walls is the wild-looking Hollywood Twisted Juniper. You won't fail to recognize it in nursery showyards, and believe us when we say that to see it is to want it.

Big run for the money
-and what a hit those clean-up savings
will make!

Here's your chance to get the nation's best-selling compact at a spectacular clean-up saving. Every '61 Falcon in stock—both standard and luxury models—must go. No matter what you're driving, your trading allowance will make possible the lowest cost of the year for any brand new American-built car. Why waste money? This is a once-a-year opportunity to enjoy those factory authorized clean-up savings on your favorite '61 Ford or Falcon.

NOTICE OF TIME AND PLACE OF HEARING OF APPLICATION FOR USE PERMIT

WHEREAS, pursuant to Ordinances No. 294 and 362 of the City of Daly City, California, an application for use permit under Ordinance No. 294 has been filed for an automobile show room and used car lot on the following described property:

YOU ARE HEREBY NOTIFIED that the Planning Commission of the City of Daly City has set the time and place for hearing all persons interested in or objecting to said use permit for Tuesday, the 12th day of September, 1961, at the hour of 8:00 p.m. of said day in the Council Chambers, City Hall, Daly City, San Mateo County, California, at which time the said Planning Commission will hear any evidence offered by any person interested in or objecting to said use permit.

Said property is situated in the City of Daly City, County of San Mateo, State of California, and described as follows:

Portion of Lot numbered one (1) as shown on that certain map entitled "Map of the Property of West End Homestead Association" filed in the office of the County Recorder of San Mateo County, January 25, 1965, in Book 4 of Deeds, Page 415 described as:

"Beginning at a point on the Southeasterly line of Mission Street as established by Deed from L. H. GOECKEN, NETTIE S. GOECKEN, AND GEORGE CALLAN, to State of California, dated August 1, 1933, recorded September 18, 1933, in Book 597 of Official Records, at Page 469, at the point of intersection thereof with the dividing line between said Lot 1, West End Homestead, Block 1, as shown on that certain map entitled "Map of the Crocker Estate Tract Subdivision 1," filed in the office of the County Recorder of San Mateo County, June 1, 1908, of Book 6 of Maps at Page 16, said point of beginning being distant along said Southeasterly line of Mission Street, (as established by various deeds to the State of California) 106.486 feet Northeasterly from the Northeasterly line of Templeton Avenue; thence from said point of beginning Northeasterly along said line of Mission Street as established by said Deed from GOECKEN, et al, 67.75 feet; thence at right angle Southeasterly 83.0 feet to the Northeasterly boundary of that certain tract shown on the Map entitled "ROBSON TRACT NO. 2," filed in the office of the County Recorder of San Mateo County, July 22, 1929, in Book 17 of Maps at Pages 58 and 59, San Mateo Records; thence along said Northeasterly boundary of Robson Tract, South 69° 51' West 37.31 feet to said dividing line between West End Homestead and Crocker Estate Tract; thence northeasterly along said line named dividing line 88.41 feet, more or less to the point of beginning."

Membership Is Now Available At Temple Judea

Membership in Temple Judea is now available. Inquiries may be directed to the Temple Office, Plaza 5-6362. Membership includes Religious School, Adult Education, Youth Group, affiliation either with Men's Club or Sisterhood, free Bar Mitzvah training, and the services of the Rabbi and Cantor. Membership also includes High Holiday seating.

This year the High Holiday Services will be conducted at the First Unitarian Church, Geary and Franklin streets, San Francisco. Services will be officiated by Rabbi Robert W. Shapiro, Cantor Harold Wachter, and Dr. Leonard Beck, organist, with his augmented choir.

RELIGIOUS EDUCATION

Temple Judea once again offers a full program of Jewish religious education beginning at the pre-kindergarten level of three years, nine months and concluding with graduation from high school. Under the professional guidance of principal and teachers, the school will give a full program in customs, traditions, history and Hebrew. Temple Judea Religious Education meets at the Westlake Elementary School, whose facilities are exceptional and conducive to study.

The mid-week Hebrew program for intensive Hebrew is also offered. Bar and Bas Mitzvah training are available at Temple Judea.

Gardener's Checklist

By the California Association of Nurseriesmen

1. Start working up a lawn seedbed if you plan to plant a new lawn next month.

2. Old or faded blooms should be picked off roses and other blooming plants to keep them in bloom longer. Fuchsias especially need this treatment.

3. Water Dahlias deeply and mulch around them with steer manure. Once a week is usually enough with well-mulched plants.

4. Thrips and mites are more apt to be a bother than aphids this time of year. The answer to either is the same: spray.

5. Regular feeding of roses, fuchsias and begonias will keep them in bloom longer.

va training are available at Temple Judea.

MEMORIAL BOOK

The Temple Office is now compiling its Annual Memorial Book to be issued on the day of Yom Kippur for the Yiskor Service. Those who wish to attend the service and have the names of their deceased included, must contact the Temple Office by the conclusion of August.

Many Art Classes Will Be Offered At Nite School

The Westmoor Adult Evening School is rapidly becoming known for its reputation in the Arts and Crafts field. Last semester upwards of 250 adults took advantage of the many different kinds of art classes offered.

This semester a class entitled "Mosaics and Design" will be headed by Robert Orth, and will meet on Wednesday evenings in Art Room A. He will teach the class emphasizing basic design and art principles as they apply to Mosaic technique. Instruction will cover designing, cutting, assembling the tiles, and the proper use of the tools and materials. Advanced students will have the opportunity to work with materials such as clay, magnesite, pebbles, tiles, shells, and other appropriate materials. Students may purchase some materials through the class instructor at cost.

Painting, Design, Figure & Still Life Drawing will meet on Wednesday evenings in Art Room B with Tony Delap, instructor at the California School of Fine Arts.

On Thursday evenings, Pottery, Ceramics & Sculpture meets in Art Room A. Two classes are taught by Robert Boyd. "Painting, Drawing and Design, Beginning and Intermediate level," meets on Tuesday evening in Art Room B, and

MOSAIC STUDENTS at Westmoor's Adult evening school, under the direction of instructor Bob Orth, learn design techniques and work on favorite projects. These are some of the 5,000 students who will take night classes this year.

STRONGEST FLIER Among ducks, the pintail is one of the strongest and fastest fliers, according to the National Automobile Club. A flock of 22 pintails landed on Palmyra Island, 1,100 miles south of Hawaii in 1942 and one wore a band placed on it in Utah 82 days earlier.

Glen Park Dancers Plan Monthly Party

The Glen Park Folk Dancers, under the auspices of the San Francisco Recreation and Park Department, invite interested persons to their monthly party, which will be held on Tuesday, August 29, at the Glen Park Recreation Center, Chenery and Elk streets, San Francisco. There will be dancing from 7:30 to 11 p.m. Refreshments will be served.

another section meets on Monday evenings in Art Room B entitled "Still Life and Figure Drawing." Both of these classes utilize a live model to aid the students in their work.

The Terra Nova Evening school offers "Landscape Painting" on Monday evenings in the Art Room from 7-10 p.m. Donald Carlson who formerly taught the class in Pacifica will continue in the same capacity. On Wednesday evenings Carlson will also teach "Mosaics and Design" in the Art Room.

Art students desiring more information may call PL 5-1162.

Chaplain Heuer Is Interim Pastor At Hope Church

Since the departure of Pastor Louis C. Marting for his new parish in Hawaii early in July, the pastorate at Hope Lutheran Church in Daly City's St. Francis Heights has been filled by Chaplain Herman H. Heuer, Sixth U. S. Army Chaplain from the Presidio. Chaplain Heuer will act as interim pastor for Hope Church until a pastor is obtained to replace Pastor Marting.

Chaplain Heuer has served as interim pastor in a number of congregations in the Bay Area during his present tour of duty at Sixth Army Headquarters, among them being West Portal Lutheran Church, where he filled the pulpit following Pastor Haake's death. He has also filled the pulpit as guest pastor at Hope on several occasions in the past.

At such times as Chaplain Heuer is not available to conduct services at Hope, arrangements have been made for guest pastors. Pastor Uhlig,

Carolyn Biancalana Engagement Is Told; Wedding Next May

The engagement of Carolyn Biancalana to Daniel McCarthy was revealed at a recent buffet dinner at the bride's home.

To commemorate the occasion, two silver hearts, decorated with lovebirds and lace, were placed over the buffet. One heart had the name of the bride-to-be; the other the name of the groom-to-be.

The wedding is scheduled for May 6, 1962.

Carolyn Biancalana

Carolyn is the daughter of Mr. and Mrs. E. A. Biancalana, 24 Fleetwood drive, Westlake. She is a graduate of Mercy High School in San Francisco, and is now employed by the Crocker-Anglo National Bank.

Daniel is the son of Mr. and Mrs. John W. McCarthy, 1052 Capitol avenue, San Francisco. He is a graduate of Rioridan High School in San Francisco, and is now attending City College of San Francisco. He plans to attend the University of California.

The couple plan to make their future home in Westlake.

Catholic Women County Council Meets Aug. 24

The San Mateo County Council of the National Council of Catholic Women is planning to launch their new year with the first quarterly Executive Board meeting to be held Thursday, August 24, at 1:30 p.m. at St. Catherine's Auditorium at Park and Bayswater in Burlingame.

Reports to be given include an outline of the services the N.C.W. offer its 30 affiliate organizations in the San Mateo Council, and a preview of the Archdiocesan Council's recommendations for the coming year.

Questions and suggestions will be welcomed by the new president, Mrs. Horace Erickson of San Bruno, who plans a short business meeting followed by a social hour.

South San Francisco Youth Returns To Duty

Scheduled to return with Helicopter Anti-Submarine Squadron Five to the Naval Air Station, Quonset Point, R.I., this week is Russel S. Hammond, sonarman second class, USN, son of Mr. and Mrs. Earl L. Hammond of 212 Forest View drive, South San Francisco.

executive secretary for the California-Nevada District, Lutheran Church—Missouri Synod, served in this capacity last Sunday, August 13. Among those who have previously served and are scheduled to conduct future services is Chaplain H. O. Theiss, Institutional Chaplain for the Bay Area. His regular duties entail attending to the spiritual needs of those at such places as Laguna Honda Home, San Francisco City and County Hospital and San Quentin Penitentiary.

Becoming Champs Of Demo Drive Topic Of Talk

Making the South San Francisco Democratic Club champion of the Dollars for Democrats drive will be the principal topic of discussion at the club's meeting on Thursday evening, August 17. The meeting will be at the City Hall and will begin promptly at 8 o'clock.

Each year Dollars for Democrats volunteers solicit all registered Democrats for contributions of \$1 to be used in helping Democratic candidates. Each year the Dollars for Democrats drive has gained in importance and effectiveness and this year the South San Francisco Democratic Club plans to top all previous performances.

Frank Wortenberg, 437 Alta Vista Drive, is the South San Francisco chairman of the drive, working under the North San Mateo County chairman, Leo J. Ryan. Wortenberg said, "Participation by Democrats at the grass roots level in party finances, and party work will help us build a stronger party and a stronger nation. Every interested Democrat should attend our club meeting to see how he can help with this important campaign."

P. Jose de Larios, club president, added, "The annual Dollars for Democrats drive is one of our most important activities, but we have others to follow. Dollars for Democrats workers, precinct workers, club members, headquarters assistants, and issues discussion leaders are all jobs requiring interested Democrats."

Entrance Exams At SM College Set For Aug. 26

The last day to take placement tests, required of all students entering College of San Mateo, has been scheduled for Saturday, August 26, in an all-day session.

The English placement test will begin promptly at 8 a.m. in the men's gym on the Coyote Point campus. Students arriving late cannot be accommodated, as the tests are timed.

The aptitude test will start at 1 p.m. in the same location. Students planning to enroll in mathematics sections other than beginning algebra or geometry will take the required math placement at 3 p.m. in the men's gym. Students taking examinations during the Saturday session should plan to bring lunches, as no food service will be available on campus at that time.

Scores of preliminary tests are used as part of the extensive counseling program of the college to insure proper placement of students in sections. Early counseling and registration periods have been set for August 21 through September 1.

Testing, and counseling information is available from the office of admissions and registration, DI 2-1421.

Red Cross Looking For Five Persons

Red Cross is seeking information about the following persons, whose last known address was San Francisco: Hipolito Acacio; Pavel Dejkarhans; Hermann Alfred Grossmann; Vladimir Lariushkin and Wasily Kotsiev.

Anyone knowing their present location is requested to call the home service department of Red Cross at PRospect 6-1500.

70 Girl Scouts Win Camperships For This Summer

Camperships made it possible this summer for 70 deserving girls belonging to the Girl Scout Council of San Mateo County, an agency of the United Crusade, to enjoy a camping experience. According to a report submitted by Mrs. E. C. Tabler of San Mateo and Mrs. Kenneth Hayes of Pacifica, co-chairmen of the Campership Committee, money for this purpose, approximately \$1,300, was provided by organizations, clubs and individuals of the community.

The Campership Committee explained that none of the girls were given full camperships. Reasons were to make it possible for more girls to benefit from the program and to encourage girls to save or earn as much of the camp fee as possible.

The Girl Scouts made use of the partial camperships in the following manner: Seven attended Brownie Day Camp at Coyote Point, San Mateo; one, Junipero Serra Day Camp, San Bruno; nine, Adventure Camp at Butano Creek, Pescadero; 13, Intermediate Day Camp Huddart; one, Half Moon Bay Day Camp at Butano; one went to Counselor-in-Training; nine attended established camp at Two Sentinels and 29 went to Camp Sonora.

Donors who proved their interest in the well being of girls in the community included Catholic Daughters, Court St. Mary's, Daly City; Women's Club of Burl Burl, South San Francisco, and Pacifica Ladies' Club, Pacifica.

Yom Kippur Break-Fast Set By Temple

The Men's Club of Congregation of B'nai Israel announces that they will hold a Yom Kippur "Break-Fast" Dinner in honor of the Sisterhood, women members and other friends of the Congregation. The novel nine-course dinner will be held at the Temple House of Rodeph Sholom at Brussels and Silliman streets, Wednesday evening, September 20, after the blowing of the Shofar.

Leon Hoffman, president of the Men's Club, announces that Messrs. Sherman, Cohen, Jacques, Reutlinger and Ralph Welsh will assist him in the arrangements and preparations for this gala affair. The cost of the dinner will be \$3 per person and \$1.50 for children under 13.

All friends who are interested in joining with Congregation B'nai Israel and Rodeph Sholom in celebrating the entrance into the Jewish New Year please call Leon Hoffman, PL 6-1371, or Werner Snyder, JU 3-7644.

Reservations are still being accepted for High Holiday Services at the B'nai Israel Office, 67 Los Banos, Daly City, PL 6-1930. The services this year will again be held at the Sanctuary of Rodeph Sholom. Rabbi Solomon A. Shore will be assisted in the singing of the liturgy by Cantor Ladislaus Morgestern. Cantor Morgestern comes to B'nai Israel with a reputation not only as a famous European Cantor but also

Wonderment Unending Is Provided by Nature for the Girl Scout Campers. Shown

Barbary Coast Night Is Set For Sept. 11

San Franciscans will get a taste of what "the wildest street in San Francisco" must have been a half-century ago at the California Historical Society's "A Night on Barbary Coast," Monday, September 11, 9 p.m. to 2 a.m.

Purpose of the evening is to raise funds to further the Society's work in collecting, preserving and disseminating information on California's cultural heritage. More specifically, "A Night on Barbary Coast" will raise money for preservation of the Society's historical and documentary works of art.

Festivities will be within that area of the Barbary Coast bounded by Broadway, Montgomery, Jackson and Sansome streets. A contribution of \$3 per person or \$5 a couple will serve as admission to the blocked-off area and will include entrance to the four night clubs in the area—Goman's Gay 90's, Gold Street, Varni's Roaring 20's and the Barbary. Continuous entertainment is planned. Guests will enjoy E Clampus Vitus, barbershop groups, dancing girls, a roaming elephant symbolic of '49, a snake charmer, and dancing in the streets.

Costumed debs, wandering bands, mountain gunslingers in a fast-draw contest, special flowers for sale and antique fire engines will add excitement.

Parish Worker Is Added To Church Staff

Geraldine Nelson begins full-time work as a parish worker this month at Our Redeemer's Lutheran Church, El Camino Real and Southwood drive, South San Francisco.

Formerly with Church of Hope, Phoenix, Ariz., in the same capacity, Miss Nelson will direct the youth activities and supervise the life and growth phase of the parish program.

Miss Nelson, born in Minnesota, was given special training for parish work at Waldorf College in Forest City, Iowa, and Luther College at Decorah, Iowa. She will be inducted into the office of parish worker at the August 20th worship service at 11 a.m.

Sunday, August 20—8:30 and 11 a.m.—Morning worship services. Sermon: "Can You Recommend Your Religion?"

9:30 a.m.—Sunday School—3 years through Adult Bible Class.

Mercy High Alumnae Plan Fashion Show

The Alumnae Association of Mercy High School, San Francisco, has reserved the Hilton Inn for its first fashion show, Saturday, September 23.

The theme "International Holiday" is under the general chairmanship of Mrs. Richard Buckley. Guests of the Alumnae are invited.

Reservations may be obtained by calling Mrs. Fred Lusardi, LO 6-1957.

Milk producing cows in America for 1961 total about 19.3 million. Russia has 34.8 million dairy cows.

as a well established star of European opera.

A SURPRISE promotion and a surprise kiss came to newly promoted Captain Robert A. Flory last week, when his wife, Sue, attended his promotion ceremony at Headquarters 4th Missile Battalion, 43rd Artillery, Fort Richardson. The captain is an Integrated Fire Control Platoon leader with Battery C of the battalion, stationed with the tactical Nike-Hercules site at Goose Bay. He is a 1956 graduate of the U. S. Military Academy at West Point. Mrs. Flory is the daughter of Colonel (Retired) and Mrs. Andrew Samuels, 260 Polaris Way, Daly City.

75 Youngsters In Classes At St. Paul's

Each morning at 9 a.m. over 75 children assemble in the education building of St. Paul's Church to learn about "Living Together in God's World." Nineteen teachers are conducting this Vacation Church School, with classes in Bible, story telling, handicraft, recreation, memory work and other constructive activities.

An open house will be held on Thursday, August 17, at 7:30 p.m. At this time an exhibit of articles made (Bible book marks, paper-mache and paper bag puppets, plastic orchids, Bible pictures, notebooks, etc.) will be held. A demonstration of some of the school's activities will be given. The closing sessions of the school will be held August 18.

Daytimers Will Meet Aug. 24

California Daytimers B'nai B'rith Women's regular meeting will be held on Thursday, August 24, at the Congregation Ner Tamid at 22nd avenue and Quintara street. A cost luncheon will be held at 11:30 a.m. All new and prospective members are welcome.

The program will be convention reports by past presidents Mrs. Jacob Chapman and Mrs. C. Hockhauser.

Eternal Light Chapter To Meet On August 22

The Eternal Light Chapter of the City of Hope will hold their general meeting, open to all, at the Lake Merced Aquatic Sports Center on Tuesday, August 22 at 8:30 p.m.

Robert Adler, regional director for the City of Hope, will be the speaker for the evening. Refreshments will be served. All are invited to attend.

It's SPARE TIME

at Westlake Bowl

With the closing of a very successful PAL Tournament last week, Chief Petrocelli and Capt. Roy Beecher have announced that the distribution of prizes is tentatively set for Saturday, August 19, at 1:30 p.m. at Westlake Bowl. Chief Petrocelli and Capt. Beecher wish to take this opportunity to thank everyone who helped make this Third PAL Tournament the great success that it has been.

Primo Liberatore announces that the new tournament is off to a good start. This is the "Aid to Retarded Children" tourney being supported by 13 establishments in the San Francisco area. Each Bowl will have its own weekly qualifiers. Leading this past week was Ralph Ostergren with a 662-72 for a 734 series.

This has been a week for some unusual events in bowling—there are very few times when these rarities occur. Bowling in the 850 Mixed Classic League, the Pacific Sundry team had a 977 game. This game being called a perfect—not one of the team members missed during the entire game. Also another very unusual happening—a team triplicate. In the 775 Scratch League, Harold's Barber Shop team led by sponsor Harold Basden rolled three identical 800 games.

Junior Coach Dick Truesdell announces that he is taking 16 bowlers to the Country Club Bowl's First Annual Junior Singles Classic on Saturday, August 26, at 4 p.m.

This week just finished saw many 200 games. The constant practice of these bowlers is showing results. In the ladies' 635 Classic, Verle Dillon rolled 212-581; Southgate Mixed Fives, Jim Jolly, 254-603; 740 Handicap League, Dick Pfuhl, 253; 775 Scratch League, Hal Pruitt, 255-615; John Morales,

251; Walt Van Zant, 256-631, and Carlos Acosta of the Westlake Junior Majors rolled 222-620; Jim Marston, 247; Tony Santos, 269; Gene Weddle, 205; Al Mort, 214; Joe Crowley, 221-637, and Al Gordon, 237.

The Physically Handicapped Indoor Sports Association is progressing well with its bowling program. This past week saw 17 members out doing their best to learn the sport. Norm Loomis, one of the first to start in this program, hit three-figure scores for the first time with games of 100-110-111.

Mr. and Mrs. George "End Alley" Dieterle entertained Mr. Dieterle's sister from Pittsburgh, Mrs. Marie Goldbach, this past week. Dieterle converted the difficult 4-6 split, but not to be outdone, Mrs. Goldbach bounced back with a very nice 181 game.

Rick Dreier has announced the Daytime Winter League Schedule for both the ladies and men. There will be leagues Monday through Friday, both at 9:30 a.m. and at 1 p.m., and also a Father and Son League on Sunday mornings at 9:30.

Rich Kalinin stated that there are more and more bowlers each week in the Friday Night Sweepers and wants everyone to check in by at least 7 p.m. Al Gordon still remains "King of the Hill" after defeating challenger Dick Birkett this past week, four strikes to three.

Polly Kane, Gari Snyder and Anne Iker were the champions of the Hard-to-Form Summer League, which just concluded this past week.

The Early Quads League just finished also and Tim and Ernie's team were the champs. Congratulations to Marge Piazza, Lillian Hankins, Cheri Stewart and Barbara McKinney.

Cardoza No-Hitter Brings PAL Cards SSF Invite Title

Joe Cardoza's no-hit pitching performance brought Daly City's PAL Cardinals the Orange Invitational Championship in the 9-5 victory over the South San Francisco Braves last week, and thus squashed the Braves' 17-game winning streak.

Cardoza struck out 14, but his wildness kept him in trouble most of the game, as he walked seven and hit one Brave batter.

Larry Black led the hitting with a homer and a single, and Nick Kosturas and Ron La Rosa—each with a pair of hits—paced the Cards.

Outstanding defensive plays were turned in by each team, as the Braves' Larry Alsterlund backhanded a soft liner in short left field from his shortstop position, while La Rosa saved Cardoza's no-hitter with a sparkling play.

In other contests, the PAL Private Eyes clinched third place with a 14-10 win over the PAL Detectives. Jim Evangelist led the winners with four hits. Van Nelson and Vince Olson each added three hits for the winners.

The Orange All-Stars dumped the Brisbane Duces, 15-1, behind the one-hit pitching of Mark Kaufman. Jim Hillard led the winners with three hits, while Joe Medeiros had a solo homer.

Parkway scored the biggest lopsided win of the campaign—their only victory—with a 32-0 slaughter over Hillside.

Ron Mazzonini pitched a one-hitter, and led the batting parade with five hits and nine runs batted in.

The Brisbane Aces, behind four-hit pitching of Mike Brinkley, dumped Buri-Buri, 12-3. The Aces had lost to the Cards earlier in the week, 8-5, behind Cardoza's fine relief pitching.

In another game, the Cards recently beat Hillside, 13 to 3, as Cardoza, Lonnie Alfano and Wayne Silber all pitched two innings to check Hillside. Bob Banos had two for two; John Gray had one for one, and Val Sabuco had one for one.

FINAL STANDINGS

PAL Cards Lose To Constables 4-1 After Win Streak

The PAL Cardinals this week lost to the PAL Constables, 4-1.

In six innings, Grady Proctor of the Cards had two for three; Val Sabuco had one for one, and Keith Stoller had a two-base hit. The Constables broke a 22-game winning streak as Paul LeMoge of the Constables gave up five hits, walked one and struck out seven.

Mike Miller of the Cards gave up five hits, walked two and struck out six. Other results: Parkview 6, St. Paul 3; PAL Constables 15, Parkview 3; Silver Terrace 7, Parkside Yankees 6.

FISH HOOKS

Fish hooks left on the seat of a boat can land in the seat of an angler, warns the National Automobile Club. Keep all hooks but the one you're using safely locked in your tackle box.

SPORTS

CABER TOSsing, the favorite sport of Henry VIII, will be but one of over 40 dancing, bag-piping, and track events at the 96th Annual Scottish Gathering and Games to be held Sunday, September 3, at the Petaluma Fairgrounds. The public is cordially invited to the all-day event. Proceeds from the games will be given to charity. (U. Hamilton photo)

Leads For Divisions In Rec Baseball League Told

Colma Division Midgets

OLPH took the lead in the Colma Division this week with wins over the Daly City Orioles and the Holy Angels Colts. Credit for the wins goes to the batting power of De Martini, Matteucci, Gudeli, Hall, Burgess, Kaiser and Sharp.

Misracks Cubs also defeated the Holy Angels Colts this week, 11-7. Bob Hilsendager kept the game under control with his pitching and with the help of Carl Campos pounded out the hits that won the game.

Marchbanks Division Midgets

The undefeated Parkmerced Midgets rapped out 12 hits to defeat the BYA Little Giants, 10-3. Phil Rappoport showed a great deal of promise in his second start as a pitcher. Backing him up at the plate, Rauber, Dommer, Crosswell and Grosse hit the ball well. Conwell of the Little Giants turned in an outstanding defensive performance.

In a tight game, Art Colvin BYA hung onto an undefeated record by squeezing out the hard fighting PAL Indians, 1-0. The Indians have shown a great amount of power for a new team. Ronnie Smith smacked the ball that made the Indians bite the dust. Grady Proctor did an excellent job on the mound for Art Colvin.

The BYA Blazers put the Relish Bakery boys in the oven this week. Earl Williams, Blazer pitcher, turned the heat on as he struck out 14 batters for a no-hit performance. Grossman and Bento helped the cause, collecting half of the Blazers' hits—Blazers 13, Relish Bakery 0.

Westlake Division Midgets

Ron La Rosa of the PAL Red Sox came close to matching Williams' performance. La Rosa came up with a no-hit shutout against the BYA Bulldogs, 9-0. He struck out 12 batters in the process.

Totos' Midgets had their hands full with the tough PAL Yankees. The Yankees collected 11 hits to Totos' eight, but to no avail. Totos made their hits count as they scored eight runs to the Yankees' seven in a see-saw battle. Davis and Carper, with great support from the rest of Totos' Midgets, earned a real team victory.

Eastern Division Juniors

Daly City Drugs started fast in the second round. They edged out Parkmerced, 3-1, with Paul Clayton's pitching and the hitting of Tom (The Hat) Snodgrass and Denny Navarra. Eddie Portnoy of Parkmerced hit three for three for the only PM hits. Against South Sunset, Coach George Benson gave Big Dave Williams the nod as pitcher. Dave returned Benson's confidence with a no-hit shutout as he blanked South Sunset, 4-0. Pattoff and Egan hit two for two in the game. Butch Sanguinetti starred defensively for the Drugs.

Parkmerced also took the measure of South Sunset in a tight one that went into extra innings. Ken Pike hit four for four and Jeff Portnoy put one over the leftfield fence. Bob

Daly City Fire Department Baseball Team Challenges Any Fire Dept. Team In County

The Daly City Fire Dept. Baseball Team has issued challenges to both the City of San Mateo and the City of South San Francisco. The challenge was in regard to a benefit baseball game between either or both of these two cities with the proceeds going to a worthy charity.

It was suggested by the D.C.F.D. that a perpetual trophy be presented to the winning team. Much to the surprise of the D.C.F.D., Gene

Klingler and Chuck Christian, co-captains, were notified by Deputy Chief Chanteloupe of the San Mateo Fire Dept. that San Mateo's 100 man Fire Dept. would be unable to organize a baseball team worthy of Daly City's 13 man team. Word was also received from South City along the same lines. Possibly word has gotten out that the mighty Daly City Fire Dept. team, unbeaten in four years, is just a little too tough for the rest of San Mateo County.

Daly City's Fire Dept. is issuing a challenge to any and all Fire Depts. in San Mateo County before laying claim to the title of "Champions of San Mateo County."

The initial practice game of the season has been scheduled against the powerful Army All Stars of the Presidio of San Francisco. The climax of the Fire Dept. season is an all important encounter with the City Employees baseball team under the management of Micky DeBernardi during the Centennial Week.

Pacifica Rec Program Closing; Family Activities

The Recreation Department summer playground is closing with a wealth of activities for the entire family. The main attraction for the climatic ending will be the annual playground carnival to be held on Friday, August 18. Included in the carnival will be booths from each of the seven playgrounds featuring games such as ball and balloon throw, bottle toss, flying saucers and many others. Special features of the carnival will be the gold fish throw, a giant side show, and the sale of the favorite cotton candy.

Children from each playground will be manning the booths and prizes will be doled out on a winning point basis. Everyone will win a prize and chances are great that some will win the treasured stuffed animals.

The San Mateo County Junior Museum will be on location with their Naturemobile including many exhibits and live animals for observation.

The Pacifica Clown Club will be circulating through the Carnival making and distributing balloon hats and animals to the children.

At 7:30 p.m. a music program will be presented from the bed of a large truck from which children representing each playground will perform for the public. Included in the program will be singing, dancing, a song flute and rhythm band chorus, and many others.

Displays of arts and crafts

Eagles To Hold Golf Tourney On September 7

The third annual Invitational Golf Tournament sponsored by the Colma-Vista Grande Eagles Aerie 1848, with a dinner at the hall, 3344 San Jose avenue, to follow, will be held on Thursday, September 7, at the Lake Merced Golf Course.

Tickets cost \$11, and can be purchased at Vince & Fred's Annex, McGraw Bros. Pharmacy, 6300 Mission street, or from Peter J. Markovich, 6434 Mission street, PL 5-2262.

The \$11 fee includes green fees, dinner, trophies and numerous prizes.

Participants do not have to be members of the Eagles Lodge to play.

When a good driver and a poor driver meet head on, both get the worst of it. But, according to the Institute for Safer Living of the American Mutual Liability Insurance Company, the good driver is more apt to take the necessary steps to prevent an accident. More often than not he succeeds. It pays to be a good driver.

will be exhibited for parents to observe some of the projects which have been completed throughout the summer.

You won't want to miss this day of family recreation! This entire program will be held at the Linda Mar Shopping Center in Pacifica on August 18 starting at 3 p.m. and continuing until 9 p.m. For information regarding the Carnival activities call FL 5-4151.

Billiards Take Duffy's 11-3; Caroni's In Win

Daly City Billiards blasted out 11 hits to score 11 runs defeating Duffy's Corner 11-3. Big Pete Garcia and Willie Nieves rapped out 3 for 4 for the Billiards. Tim McInerney's pitching in tight situation kept Duffy's score down.

Caroni's collected only three hits in their win over the Mitchell Plumbing Roadrunners. Errors made the difference as the Roadrunners collected 8 hits and 5 errors to lose 5-3. John Trevino pitched a fine game for the Roadrunners but did not receive enough defensive backing.

Two nights later the Roadrunners made up for their defeat by Baroni's. They took the Daly City Billiards 11-5. Carl Mitchell, Roadrunner pitcher, allowed the Pool room boys 8 hits and hit 4 for 4, one a homer.

In a playoff game for first place, Baroni's defeated Daly City Drugs. Unfortunately at press time box scores were not available.

League playoffs start Wednesday night. Baroni's plays the South San Francisco Native Sons at Colma diamond at 6:15. Friday will see Daly City Drugs meet the Mitchell Plumbing Roadrunners at Colma Diamond 6:15. The winners of these games will play off the following Wednesday.
